Church to Hear Evangel College President Sunday

J. Robert Ashcroft, president of Evangel College, will speak at First Assembly of God Church, 24th street and Grand avenue, at 7:30 p.m. Sunday, Jan. 31. Rev. J. Boyd Wolverton, pastor, has announced. The program will be open to the public.

Evangel, a four-year college of arts and sciences, is operated by the Assembly of God. It is located in Springfield, Mo., international headquarters of the denomination.

Ashcroft, Evangel's second president, has headed the college administration since 1958. Previously he served for four years as national secretary of education for the Assembly of God.

Enrollment at Evangel has grown from less than 100 when the first classes were held in the fall semester of 1955 to a current fall enrollment of 615. Milestones of Ashcroft's administration have included launching of a ten-year building program, acquisition of additional land for the campus and emphasis on the spiritual side of education for business, science and the professions.

First unit of the ten-year campus development plan, a \$200,000 library building, has been completed. The campus has grown from 59 acres to 66 acres.

Through a new program known as Scope, students training to enter business, public school teaching or other professions prepare to become lay church workers as well.

Mothers March Fund In GC Now at \$2335

Mothers who took part in the annual Mothers March to prevent birth defects, a feature of the March of Dimes campaign, still were turning in contributions today, but the total had reached \$2335 in contributions made in Granite City, according to Mrs. Von Dee Cruse, chairman of the Granite City drive.

Granite City collections are being made to Earl Ditzau of the First Granite City National bank, treasurer of the Granite City campaign. Figures on collections in Venice and Madison still were not available today.

The drive was held last Sunday and Monday with more than 400 mothers, covering various districts of the city under 65 captains, taking part in a door to door canvass to collect funds to aid in the fight against polio and other causes contributing to birth defects.

Mrs. Cruse said anyone who was missed in the drive and wishes to make a contribution may mail it to her, Mrs. Von Dee Cruse, 2405 Nameoki road.

Sheriff to Speak at Eagle Park Meeting

Madison County Sheriff Barney Fraundorfer will speak at 7:30 p.m. Saturday at a meeting of the Eagle Park Improvement Association to be held at 205 Terry street, Cleveland Johnson, association president, announced today. All Eagle Park residents are urged to attend.

Area street lighting will be discussed and Johnson reminds residents that a \$4 annual lighting assessment is now due. Installation of the street lights, plus a monthly charge by the power company, is paid for by the association, Johnson explained. Each homeowner contributes \$4 a year to the general cost.

Gas and water projects for the Eagle Park area also are scheduled for discussion. Several gifts will be awarded at the meeting, Johnson added.

Venice Lions Club To Erect New Signs

The Venice Lions club held a regular meeting Monday evening at the American Legion home on Broadway, with 25 members present. Donald Phillips, president, was in charge of the business meeting and it was announced that recently-purchased Lions signs will be erected this week.

A film was shown by Milton Morris, president of the Organization for Advancement of the Handicapped. Next Lions meeting will be held Feb. 8.

Legion Post 113 Plans Birthday Party March 20

Tri-City Post 113 of the American Legion announced plans Tuesday night to observe its birthday on March 20.

Featured will be a corned beef and cabbage dinner, to be followed by an orchestra dance. Another event will be a visit to a St. Louis brewery next Thursday for members and their guests.

The members voted to purchase a respirator for St. Elizabeth Hospital. Donald Burck was selected as chairman of the Sons of the Legion by Joe Summers, post commander.

The post decided to support George Durbin for the position of veterans administrator for the area. A meeting is to be held tonight at Edwardsville where

all veterans groups will determine a nominee.

A period of silence was observed in memory of the death of Sir Winston Churchill upon the call by Alex Duceini, post chaplain. A post-evaluating ceremony was planned for the county meeting to be held in June at the post home here.

Two new members, Carl N. Paschoff and Maurice Dee Dull, were accepted. Edgar Horton, vice-commander and membership chairman, announced current membership at 245 and urged that a remaining 45 be secured to meet the goal at 100% for this year.

John Tempo, sergeant-at-arms, posted and retired the colors. Lunch was served after meeting.

Ex-Resident, Husband In Colorado Hospital

Mrs. J. E. Corrie, 71, former Madison and Granite City resident, is confined to Mamie Eisenhower Hospital at Colorado Springs, Colo., recovering from a stroke suffered Saturday, and her husband, James E. Corrie, 73, is a patient in the nursing home of the same hospital.

Mr. and Mrs. Corrie lived in Granite City from 1919 until 1952 when they moved to Colorado Springs. They lived in Madison several years prior to moving to Granite City, and recently had been living in Woodmen, Colo.

Mrs. Corrie is a sister to Mrs. Hazel Reynolds, Madison, and Mrs. Charles Beck of Granite City. Mrs. Reynolds said today her sister was reported improving from effects of the attack.

Car Wing Glass Broken

Dickey Brooks, 2609 Logan street, reported at 5:30 p.m. Tuesday that vandals broke the right wing glass of his 1957 car parked in the 2100 block of Delmar avenue while he was at work.

Council Still Pondering Liability Insurance

Council members are continuing to study liability insurance needs for the city but reached no decision Monday night on what is to be done.

A breakdown of insurance costs and claims paid from 1956 to 1962 was presented to the council by Alderman Paul Rutledge, who said the last insurance proposal submitted to the city called for an \$89,000 premium for a three-year period but that the amount could be adjusted up or down depending on the amount of claims paid.

He explained the policy also would provide coverage for city vehicles and buildings, and that the \$100,000 figure he mentioned last week was in error. "I said then that the city couldn't afford the insurance and couldn't afford not to have it."

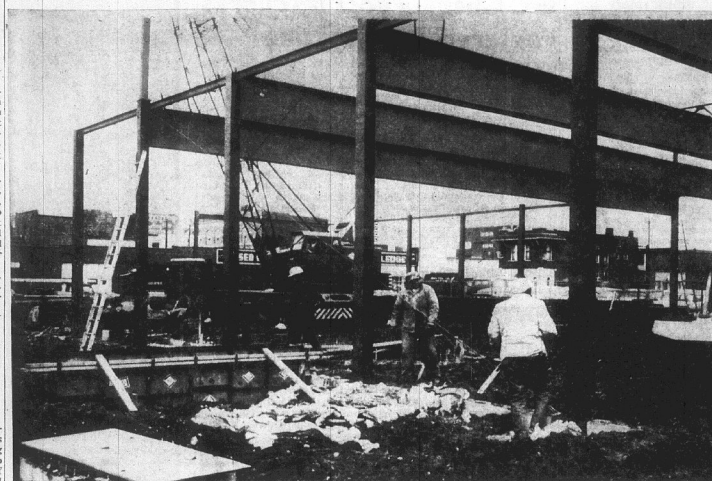

Premiums and Claims
The breakdown shows that in the 1956-57 fiscal year the city's premium was \$3,427 and claims totaled \$71,001. In 1957-58, the amounts were \$53,449 premium and \$11,655 claims; 1958-59, \$53,140 and \$88,801; 1959-60, \$40,009

and \$5,980; 1960-61, \$98,888 and \$13,104; and 1961-62, \$13,867 and claims of \$33,596.

"The city came out \$19,726 ahead in 1961-62, and that's when the policy was cancelled," Rutledge pointed out.

Alderman Skubish, who had requested the breakdown, commented that even though the city has had a continuous sidewalk repair program, the claims have been going up. "Now we've got an all-out program of sidewalk repair on a city-wide basis and that the city should compile a list of all defective sidewalks and then set an amount for the work for the next budget and turn the job over to the street department. More men would have to be hired, he added.

\$200,000-A-Year for Repairs
Rutledge pointed out the sidewalk repair program, averaging about \$20,000-a-year, was started in 1951 and that it would be an impossible task to keep up the repairs. "Some of the new sidewalks put in two years ago needs repair. We can't do it with regular street funds and

\$137,000 EXPANSION at B. E. Hohli, Inc., auto agency, 1837 Madison avenue, takes shape this week with the erection of steel girders. Weather permitting, completion of the 70x140 foot addition is scheduled for mid-May. The area will house new shop facilities and provide more than twice

the space presently occupied by the local auto firm, which has been in the same location for 26 years. S. M. Wilson & Co., general contractors are constructing the expansion project. This view is looking west with Grand avenue in the background.

Hospital Credit Union Elects Three Officers

Three new officers were elected by members of the St. Elizabeth Hospital Staff Federal Credit Union Monday.

They are Mrs. Marcela Daffin, three-year term as vice-president; Mrs. Anna Marie Crouch, three-year term as treasurer; and Mrs. Rose Tax, two-year term on the board of directors. Mrs. Irene Pelan, president and Miss Glenda Moore, secretary, still have two years remaining to their terms.

Tiles to Test Air Pollution to be Placed Next Week

Special sensitive tiles, designed to measure hydrogen sulphide in the air, are expected to be placed in the East Granite area where areas possibly late this week or next week by the firm hired by the city to determine the cause of recurring paint discoloration on houses.

A representative of St. Louis Testing Laboratory, Edward R. Lanzer, member of the research and development staff, visited Granite City this week to confer with William Jenkins, assistant city inspector, on the location of equipment.

The small, silvered tiles are to be placed on porches of homes, and Jenkins and the staff of the testing laboratory began this week to inspect likely locations and also to confer with persons whose homes have paint stains. The latest wave of paint discoloration occurred Friday night.

Additional Complaints
Alderman Samuel Whitner, chairman of the council's Special Air Pollution committee, reported during Monday night's meeting that he had received six additional complaints that evening.

He suggested that persons in the East Granite and other areas involved cooperate with the survey teams and with Jenkins. In other action Monday night the council instructed the city inspection department to complete the second annual inspection of businesses in order to determine delinquent licenses. The inspections normally are made in April and in November.

Referred to the City Plan Commission was a petition for zoning changes for a tract between Pontoon road and Amos avenue and east of Wabash avenue. The petitioners are Carolyn

Three Minor Fire Calls Answered on Tuesday

Granite City firemen answered three minor alarms Tuesday afternoon and evening, and were required in one case to wash down the street at Pontoon road and the rail crossing where a fuel truck had spilled oil at 1:53 p.m.

The next call was at 3:30 p.m. to the apartment of Ronald Wilson, 3705 Kirkpatrick Homes, where a boy playing with matches caused a fire in a bedroom. Loss was set at \$50. At 6:45 p.m., a television tube blew up at the home of William Mayes, 2139 Lee avenue. The loss also was set at \$50.

Driver License Revoked

The driver's license of Benjamin E. Tindell, 2525 Cardinal avenue, has been revoked by Paul Powell, secretary of state, for driving while intoxicated. It was announced today.

Stearns and Vergie M. Spalding, present owners, and a law firm is representing a prospective buyer seeking C-1 commercial and B-5 classification for apartments and business. A portion of the tract is being reserved for possible widening of Wabash avenue.

Upheld by the council was a commercial zoning granted by the city's zoning appeals board for a beauty shop to be located in a home at 2521 Grand avenue by Mrs. Betty Bertrand. Alderman Sternberg said he had notified persons in the block of the proposal and received eight replies with no objections.

Local Seaman In Space Capsule Recovery Program

Torpedoman's Mate Seaman Harry R. Cavaness, USN, son of Mr. and Mrs. Lloyd L. Cavaness, 3612 Kirkpatrick Homes, was a member of the task force which recently recovered the unmanned Gemini-Titan II space capsule in the Atlantic. The successful flight of the Gemini capsule paves the way for manned orbital flights in similar capsules later this year, Navy sources report.

Seaman Cavaness is serving aboard the destroyer USS Putnam, one of 11 ships, 40 aircraft and more than 8800 Navy personnel who participated in the recovery operation. Aircraft pickup of the capsule was by the anti-submarine aircraft carrier USS Lake Champlain.

Collinsville Due To Act Monday On Sewer Commitment

The Collinsville city council is scheduled to act Monday night in a regular meeting on the re-written agreement for participation in the East Side Levee and Sanitary district sewage treatment program, following presentation of the contract at last Monday's session.

The commitment agreement was rewritten by levee board representatives and Collinsville city officials a week ago, but was not acted upon by the council last Monday night to give the public an opportunity to inspect the agreement.

The council Monday night merely placed the agreement on file for one week of inspection, with council action slated for next Monday's meeting.

Members of the council and representatives of the levee district met last week to revise the old agreement which included the higher rate of \$160 per month for sewer usage. The new agreement was rechecked throughout and a number of revisions made, including reduction of the rate to the \$125 per month.

MORE ABOUT Pay Boosts

(Continued from page 1.)

The ordinance is submitted for adoption. Bartosik remarked that he thought the \$8000 mayor salary was shown to be adequate by the indication of 14 possible candidates for the job.

While there was no debate over the pay hike proposed for the city clerk, Nomm said he believed the assessor pay should be raised to \$9000 or \$10,000-a-year. There was no other comment.

Rutledge also proposed the city consider seeking another special census, such as was conducted in 1955, and that the population could be made by blocks so the city's eight wards could be revamped.

No action was taken on the suggestion. A month schedule, varying in accordance with water usage, has been voted for to one on a par with the higher rate of \$160 per month for sewer usage. The new agreement was rechecked throughout and a number of revisions made, including reduction of the rate to the \$125 per month.

GC Checkerboard Squares Featured in Magazine

Granite City's Checkerboard Squares, an organization of square dancers ranging in age from seven years to the late teens, is featured in an article in the February issue of "American Squares," scheduled for distribution next week. The magazine is considered a "trade magazine" among square dancing groups and is circulated principally by subscription.

The article contains three photographs in which the Checkerboard Squares are shown in action. One of these was taken at the Teen Festival in Paducah, Ky., last July and portrays a street dance with a group of the Granite City dancers in the foreground.

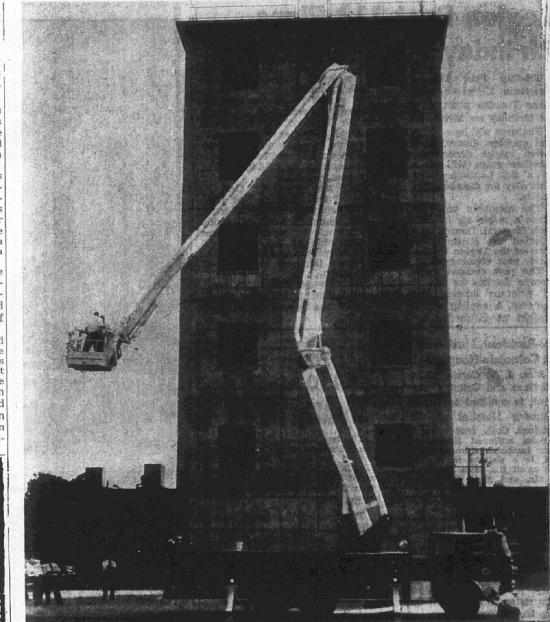

Suzanne Boyd and Gary Green among the youthful instructors of the Granite City group, are shown in another photograph and credited with writing their own dance routines.

The third photograph shows the Checkerboard Squares in action at a Granite City Park district dance jubilee several years ago when Robert Boyd, sponsor and promoter of the square dance program here, conducted a square dancing program as a park district program. The article points out the group is organized as a non-profit exhibition dance group, dedicated to "fun, friendliness, good fellowship and the promotion of youth in square dancing."

"Business meetings are held separate from dance sessions, the magazine explains. 'Rehearsals so many in fact that the squares are always on exhibition since the Boys feel that the squares are a way of exhibiting and teach them to behave and dance accordingly. Included in dance sessions are pointers on etiquette, public conduct and respect for elders.'"

Serving Aboard Destroyer

Seaman Michael R. McDonald, USN, son of Mr. and Mrs. R. A. McDonald, 3006 Marshall avenue, is serving aboard the destroyer USS Pickering operating out of Long Beach, Calif. His ship is part of an anti-submarine warfare "hunter-killer" group composed of surface, sub-surface and air units that have the mission of finding and destroying enemy submarines or serves as an escort to attack aircraft carrier task forces.

SNORKEL TRUCK IN ACTION, showing the firefighters in the basket which is being raised mechanically, eliminating the need for four to six firemen to raise ladders. From the basket streams of water can be directed on flames, and it also can be used to rescue persons trapped in high places. A similar truck is to be delivered in the city of Granite City by Granite City Steel Co. in exchange for the city's vacating seven streets in the "Behind-the-Mill" area.

Olden Day Tools, Appliances Were Odd Lot

JOHN W. ALLEN
Southern Illinois University

An opportunity came recently to take a look, much too brief at an extensive and rare collection of tools, appliances, devices and apparatus regularly used in an earlier day. There were hundreds of objects in the collection, though familiar with such materials, easily could become bewildered. Once in common use and seen about most any home, many of the objects displayed are rarely seen now except in collection similar to this one.

Those visiting and viewing a collection of this kind have at least one common and definite reaction, particularly if they be oldsters. Their memories of a time and of practices that have passed and revived. That reaction came to the writer and caused him to list some of the objects, now rare, that were commonplace in the community of his boyhood.

Over 200 items

The resulting list was a strange and varied one of some 200 items, all remembered with in a radius of three miles from Hardacre school. Now it is to be doubted if one could find a tenth of the artifacts listed with in the same area. They served their purpose well and are gone. One does not regret their having passed, still they deserve to be remembered.

Items listed have not been selected or arranged according to any plan, rather as musing brought them to mind. Some selections from the listings are given here in the hope that mention of them will add interest and perhaps understanding to a southern Illinois way of life, a way that backward thinking makes somewhat romantic. Few have mention of them also would cause other persons to recall additional artifacts move or less familiar, also the manner in which they were used.

Mention is made by random. For instance each family had wash kettles. These were placed on stones in the backyard, generally near the ever-present ash hopper. They sometimes were suspended from a sturdy pole held in the forks of posts set for that purpose.

Tongue Scraper

At places the display took on queer turns. Among a number of unclassified articles was a tongue scraper, for use by those with "furry tongues." In turn this tongue scraper brought to mind those times when about the first request of a doctor was, "Let's see your tongue." It is not known just why the tongue inspection was made. It must have had some connection with a general belief that a furrowed tongue indicated a foul stomach, whatever that may have been. We do know, however, that a coated tongue and foul breath were sometimes associated. But a bit of Sen-Sen would take care of the breath.

Come to think of it, is Sen-Sen still procurable or should it be added to the list of things vanished?

Turnkey for Molars

About this place we found a vicious looking turnkey used to tear aching molars from the hapless victim's jaw.

A considerable area in the collection was given over to household lighting. There were candle sticks and candle holders of varied design. Several candle molds told clearly how candles were made. A large frame holding a dozen or some smaller ones was used to mass produce candles by the dipping process. There were grease lamps with floating wicks, Betty lamps, (should it be capitalized?) and several patterns of whale oil lamps popular before kerosene came into general use.

Naturally there were kerosene lamps of many designs with their glass chimneys that needed frequent cleaning. A number of candle lanterns, some with perforated tin sides and others with one or more glass sides, tell us of how those going about at night lighted their way.

Great Need for Tapers

Along with the lighting display there were several tapers. Some were simply splinters of freshly burning wood, often of resinous pine. Others were of putty reeds that had been dipped in kinkie fines with flame borrowed from the fireplace. They also were used to light lamps and candles. Grandmothers frequently lighted their clay pipes in like manner. At other times they did this by deftly plucking a live coal from the hearth, tossing it about in their cupped hands until it was safely dumped on the tobacco tamped in their clay pipes.

Then came coffee mills, curling irons, apple peelers, kraut cutters, ear spoons, step stoves, quail traps, hobbles for horses, feather dusters, wash boards, spats, whatnots, high top button shoes with their sometimes ornate button hooks, sword canes, snuff boxes, side saddles, cuspidors, saddlebags and even thumb-nails, each to tell its part of a story.

BOY SCOUT TROOP MAY BE REACTIVATED

Cub Pack Four met Tuesday night at Logan school with Cubmaster Jim Reynolds in charge. The flag was presented by the troop, and the pledge of allegiance was repeated by all present.

There was a discussion on the annual blue and gold banquet to be held at the school in February, a pinewood derby and the program the Cubs are to give for the February Logan school PTA meeting. A discussion was held on reactivating Boy Scout Troop Four, which is inactive, and Cub Pack 19 of Washington school is helping in the project.

Mrs. Rosemary Lewis retired as a den mother and received an appreciation gift. Cub scouts receiving awards were Charles Potter and John Snider, dinner stripes; Dale Harris and Dennis Reynolds, wolf badges; Mike Singer, on-off service star and perfect attendance pin; Anthony Staveland and Mike Reynolds, two-year service stars; and Mike Lewis, who graduated with a perfect attendance record.

Leaders receiving recognition were Jim Reynolds, cubmaster, a den mother, Mrs. Nona Harris, and Chairman Herb Davis, one-year service stars.

Don Two gave a play entitled "Trail Blazers" and served refreshments to the group.

Group to Survey Programs For Handicapped, Fill Gaps

Methods of activating the Organization for Advancement of the Handicapped (OAH), which hopes to qualify for future United Fund membership, were outlined during a "working seminar" held following a dinner meeting Tuesday evening at St. Elizabeth Hospital.

Bylaws are to be drawn up in consultation with the Tri-City and Alton United Funds, and an inventory is to be made during the next several weeks of existing agency, school and other programs aiding handicapped children.

Basic objectives are to serve as a clearing house and communications point for treatment and rehabilitation, and to fill gaps found to be existing in services now available.

The discussion participants accepted an offer from Christ Kacaleff, operator of a Madison plastics manufacturing firm, to provide funds for initial studies. Extensive research funds currently being provided by the federal government may be sought to conduct first-year operations. United Fund assistance then would be requested.

Scope Undetermined
Precise scope of the organization remains to be decided. Selection of specific projects also is yet to be made.

President Milton Morris of Venice said present Oath membership consists primarily of parents of youngsters with one or multiple handicaps. He urged broadening of the membership and described Tuesday's dinner gathering as a step in that direction.

There was representation from the Southwestern Council of Mayors, Illinois Division of Vocational Rehabilitation, Quad-City Ministerial Association, Alton State Hospital, Madison County Mental Health Clinic, United Funds, County Board, Catholic Charities, County School Board, County Board of Health, Illinois Office of Rehabilitation, Specialized Services Workshop, industry and newspapers.

University Consultant
Also participating was Dr. Mark Tucker, Director of the Section, Southwestern Illinois University, a specialist in the field of education for the handicapped. He has been designated by Southern Illinois University President Delye Morris as university consultant to Oath.

A tentative prospectus which was discussed described Oath as a "non-profit organization composed of representatives of various disciplines, such as medicine, religion, rehabilitation, education, psychology, social work, law, politics, business and industry, in combination with parents, who are concerned about improved services for the mentally and physically handicapped."

Central function was listed as "to provide a vehicle permitting the abilities, interests and concerns of various disciplines to be focused on problems of the handicapped so that handicapped person can be given an opportunity to realize his ultimate potential."

Four programs were proposed:

1. Prevention of mental and physical disabling conditions by encouraging research, disseminating information, educating the general public and cooperating with public and private agencies.

2. Service as a clearing house for medical, vocational, educational and social service information aiding in the utilization of existing resources.

3. Encouragement of the initiation and amplification of such services as early identification, diagnostic services, parent counseling, home training, education and training, pre-vocational training, vocational preparation and sheltered workshops.

4. Cooperation with public and private agencies and cooperating with public and private agencies to appropriate legislation for the handicapped.

Rather than creating an additional fund-raising and administrative apparatus, Oath can serve primarily as a stimulus to improvement and expansion of present services while also spot-checking and describing Tuesday's dinner gathering as a step in that direction.

Economies Foreseen
By cutting duplication and greatly increasing contact between health services, school districts, welfare agencies and other agencies, economies can be achieved rather than added expense, the group concluded.

Financing was pinpointed as the major obstacle, together with national policies of some health agencies, which oppose both United Funds and the Oath approach.

But it was noted that the U. S. government is accelerating its grants for research on all types of handicaps, and that United Fund charities call for support of local-level health services. It was suggested that sums currently are being directed in Madison county, and that many parents and physicians would be willing to shift their gifts to Oath if convinced it would be effective.

GC Workshop Planned
An example of current programs cited was the sheltered workshop in Alton. Currently aided by the Alton United Fund and providing constructive activity for 65 handicapped persons, the Specialized Services center has a waiting list of 135 applicants and hopes to open second workshop in Granite City during the next year.

At the age of 16, many of the prospective workshop employees find it difficult or impossible to

SEMINAR ON HANDICAPPED CHILDREN took place Tuesday at St. Elizabeth Hospital. The top photograph shows, left to right, Tri-City United Fund Executive Director John D. Solenberger, Dupa Mayor Barney Metz, George Berry, Frank Hegder, State Vocational Rehabilitation, Dr. Mark Tucker of SWIU, County School Psychologist Sam Janny, Milton Morris, president of the Organization for Advancement of the Handicapped, and Rev. Edwin Crause, Quad-City Ministerial Association.

Participants in the lower picture, left to right are Joseph Budde, Mrs. Eva Mendelsohn (hidden by Budde) and Mrs. Thelma Hausler, all of the Specialized Services sheltered workshop, Miss Mary Yowell of the Illinois Children's Home and Aid Society, Thomas Fitzgerald of the Madison County Mental Health Clinic, Dr. J. B. Rowe, Mrs. Evelyn Gavin, Dr. Abraham Simon, superintendent of Alton State Hospital, Mrs. Barbara Burger, Bernard Finney of St. Elizabeth Hospital, Mrs. Jo Ann Sebesack (hidden by Finney), Mrs. Gladys Diak and Mrs. Lorraine Parkinson.

adapt to their duties, but adjustment is much easier where schools and vocational centers have been training them and where attention has been given to emotional problems caused by the mental or physical handicaps.

Goal Set at Early Age
Through coordination of services under such an organization as Oath, it was felt that a specific goal could be set for a handicapped child, and efforts could be made throughout his development to help him reach his potential.

As an "umbrella" organization, Oath would be structured with a governing board and office staff. The board would be a go-between for two other categories of participants — up to 13 health and rehabilitative agencies, on one side, and representative doctors, social workers, educators, psychologists and public officials, on the other side.

Belief is that "there is so much needing to be done" that whatever concrete help is given will be of significant public benefit. Most of those present stressed action rather than talk, and said the need is immediate.

Four Hubcaps Stolen
Charles Kosok, 1028 Greenwood avenue, Madison, reported to Madison police this week that four hubcaps valued about \$35, were stolen from his 1964 automobile while it was parked in front of his home. He said the theft probably occurred Sunday night.

GC, Madison, Venice Cagers at Home Friday Night

Key Conference Battles on Slate; Red Devils Clobber Worden 104-52

Dogfights for championships of conferences which include the three local high school basketball teams will grow more intense this weekend. Several battles involving high-flying contenders are on the schedule.

The top game is the invasion of Belleville (6-1) by Southwest Conference leader Collinsville (7-0). The defending champion Kaskaskia shot down the Maroons 62-50 earlier in the season.

Although far out of the race with a 0-8 league record, Granite City's Warriors are in a position to gain on eighth-place East St. Louis (there tomorrow night) and Seattle the long-shot hope of third place, Edwardsville (there Saturday night). A total of five Southwest teams will be played this weekend.

Madison's Trojans, the defending champs of the Midwestern Conference, have a no-leagues game on tap. They host Jerseyville tomorrow night. But the Trojans, 3-3 in league play, will be watching for the result of J-4 Dupo's visit to Roxana, where the Shells will be protecting a 2-2 record, second place and their status as the team with the best chance of catching first-place Highland (4-1).

The Midwestern schedule is light this weekend, but a week hence Roxana meets Madison and Highland faces Cahokia and Belleville.

Venice in Deadlock. The only first-place deadlock is in the Madison-Clinton-Macomb Conference, where Venice's Red Devils have matched Breese's 5-1 league season. The Cardinals are slated for games tonight and tomorrow night while the Devils have one-at-home tomorrow night with West.

A combination then of at least one Breese loss and a Venice victory would put the defending champion Devils in undisputed first place.

The Red Devils had their biggest scoring spree in many years as they doubled the score on Worden's Trojans, 104-52, in an MCM game Tuesday night at Venice.

Coach Bill Ohendorf said the school record is held with a 57-110 points racked up against 25

THERE ARE SIX players involved in this scramble for the basketball during Tuesday night's Venice-Worden high school game. Five players including the Red Devils' Percy Dillon (center, white uniform) can be easily spotted. But to find the sixth, an unidentified Worden boy, you'll have to look closely in the mass of legs and hands around the basketball. The tipoff is the extra hand between Dillon's right leg and the left leg of Worden's Wallace D'Arbe (31). VHS smashed the Eagles 104-52 in the MCM Conference game.

11 and Johnny Gardner added seven.

Streak Continued By Prather Matman

Paul Hoffman won his 10th straight match by a pin as Prather junior high school wrestlers defeated Belleville 32-16 there Tuesday. Hoffman, 127-pounder, won in a minute, 35 seconds.

Other victories for the Chiefs were John Martinez (85), Chuck Fenoglio (103), and Larry Roney (180), all pins, and Larry Roney (132), Dempsey Cross (120), Bill Gibson (133) and Ernie Schwendeman (138), all by points.

Collinsville Wins 71-42 Over Granite City Sophs

Collinsville decked Granite City's sophomores with a 71-42 haymaker in basketball Monday night on the winners' court. It was the young Warriors' sixth defeat in 10 games.

Steve Lengyel had nine points and Mike Hoy eight for GCIS; behind Dillon at halftime, Dorn Arnold's 12 and Bruce Evans' 10 paced Collinsville.

Ohlendorfs Add To Family Roster

This has been a happy week for Bill Ohendorf, Venice high school basketball coach.

On Tuesday night he gloved as his Red Devils scored over 100 points in marking up the team's 13th victory of a highly successful season. Even better, though, was the arrival Monday afternoon of a little Red Devil.

His wife, Annetta, gave birth to seven-pound, nine-ounce William Frederick Ohendorf IV at 1:11 p.m. Monday at DePaul Hospital, St. Louis.

The future basketball player's arrival was cheered by the Ohlendorfs' daughter, 23-year-old JoAnne, taking her cue from Mama, who directs the VHS cheerleaders.

Madison's Summers Tops Nichols State Scorers

Freshman John "Champ" Summers of Madison is the leading scorer for the Nichols State College basketball team, Thibodaux, La. He has scored 21 points in the Colonels' 14 varsity games, a 15.8 average.

Against Louisiana College and Southern (Arkansas) State College, he scored 25 points. Summers also leads the freshman squad with a 21.3 average in six games with a high single-game effort of 34.

29 Points by Wortham; Simpson Nearing 1000

Granite City's Carl Wortham and Collinsville's Ron Motting each scored 29 points Monday night as Sanford-Brown College defeated Forest Park Junior College 103-87 in the Greater St. Louis College Conference. Sanford leads the league with a 7-0 record.

The Indians meet Logan College tonight at the North St. Louis Turners gym, 20th & Salsbury streets, then take on St. Air Force Base Saturday night at the Page Branch YMCA gym. Ex-Madison resident Bob Simpson, who scored 25 points against Forest Park, now has 979 points in his two-year Sanford career and is expected to hit 1000 in one of the next two games.

Reservations to Close For Elks Club Tourney

Reservations close tonight for the fourth annual singles bowling tournament for Elks Club members and their wives. George Schwager and Nelson Armitage are in charge of the event. The event is scheduled for 1:30 p.m. Sunday at Bowland with an entry fee of \$3. The program also includes a sangabard (\$2 per person) at 6 p.m. and dancing at 7 p.m.

Vrenick Nominee For Membership In Hall of Fame

Jim Vrenick, Granite City, is among 18 nominees in the bowling accomplishments category for the Greater St. Louis Bowling Association's Hall of Fame.

Two of the nominees will be selected for supremacy as a bowler for the Hall of Fame by sportswriters, sportscasters and officers and members of the association's executive committee.

Also to be elected are two of the 17 nominees cited for outstanding service to the association.

Vrenick, 54, started bowling in 1937 after having played shortstop and third base in sandlot and semi-pro baseball for several years.

He bowled with outstanding St. Louis teams, including G-B Beer and Lindenbusch Motors. He and Bill Tucker teamed to win the 1958 ABC doubles with a 1414 score.

Vrenick's ABC average for the past 20 years is 189 and his 24-game average for the World's International is 184. Other accomplishments include an 825 series and a 300 game.

His best average was 216 in the 1955-56 St. Louis All-Star League. Averages during the 1963-64 season, for four leagues were 208, 208, 204 and 201. Locally, he bowls in the Union Star and Men's Classic leagues at Bowland.

Famous name nominees include Ray Bluth, Tom Hennes-

Madison JHS Defeats Alton Central Cagers

Raising their record to 8-7, Madison's eighth grade cagers nipped host Alton Central 30-28 Tuesday night.

Top scorers for the Spartans were Bill Campbell with 11, Jim Scott 10 and Dale Clinton six. Madison won the seventh game 26-11 as Ron Britt scored 14 and Dave Uherick four.

Sky Steelers Meetings

A meeting schedule for the next two months has been announced by the Tri-City Sky Steelers model airplane club. Business meetings are scheduled for Feb. 3 and March 3 at the YMCA. Social meetings will be Feb. 17 with Art Conary, 2544 Center street, and March 17 with John Fulcher, 2445 Edison avenue.

McKee Still Undefeated

Clarence McKee Jr. is still undefeated in YMCA swimming competition this season. Deflections showed this week. In the last outing, he won three individual races and swam on the winning freestyle relay team in the Intermediate Division as the YMCA Swamp Angels dropped a 187-142 decision to Alton.

say and Pat Patterson. The new Hall of Fame members will be honored at a dinner-dance March 27 at Bel-Air Bowl, Belleville.

Warriors Flatten Roxana, Bethalto

Handing two teams at once with ease, Granite City high school's wrestlers upped their dual meet record to 11-1 Tuesday night.

The Warriors ripped host Roxana 30-0 and Bethalto 39-3 in simultaneous matches with several of the 25 individual victories coming on forfeits.

Things won't be that easy this weekend as GCIS visits Wood River for a Southwestern Conference match at 7 p.m. tomorrow and entertains Ritenour Mo. at 1:30 p.m. Saturday.

In Tuesday's shutout, the Shells forfeited six bouts—four due to illness and two because wrestlers failed to make weight.

The seventh forfeit came from Bethalto, which has had a season-long vacancy at 103 pounds. Coach Bill "Red" Schmidt used just one full-time regular, heavyweight John Evenden, in the bouts wrestled. The other five bouts were filled with junior varsity athletes and four boys, John Brooks, Jim Stegall, Dan Moran and Tom Shands, made their debuts for the Warriors.

The team has just two weeks from tomorrow for tournament preparations. The district will be

held here with a full-day session on Feb. 12.

THE MADISON COUNTY SPORTSMAN

By DON HASTINGS
County Conservation Officer

Conservation officers of the state took part in the annual federal duck count earlier this month. I believe my count (700) for Madison county was down a little from last year.

Most, of course, were mallards with a variety making up the minor part. I didn't see as many scaup, or buffleheads as they are called.

Biggest concentration was in the Alton Lake along the dam and the next at Horseshoe Lake, Granite City. The rest were from the country's large lakes and the Mississippi River.

I hear the mallard population is way down and the situation serious. There are persistent rumors, however, that there will be a special teal season during next September. There is nothing official yet, but my personal guess is that hunters will be allowed only one mallard next season.

Bald Eagles Spotted
Assisting Conservation Officer Gene Allen of Jersey county with his count. I saw many more ducks and got some duck photos in the refuge.

cent crops before harvest. We checked it this week and found about ten rabbits left for seed stock for next year. The pair and another in a different part of the county are used as barometers to indicate if rabbits are out or moving on a particular day or night.

One trap to either and, if they are out, there is no trouble in seeing four or five. Both farms are this way simply because the owners care enough to provide a little cover and feed.

Two fives in magistrate court one week. Both were for \$30 for night rabbit hunting and the gun he used through confiscation. Future fines on this violation are expected to rise.

Junior Coin Club May Be Formed Here
The formation of a junior coin collectors club was discussed by members of the Land of Lincoln Coin Club at a meeting last night in the YMCA. Fifty members attended.

Robert Lamping, vice-president, reviewed future plans and led a discussion on the circulation of counterfeit coins.

A limited coin auction was held among the members and refreshments were served by several women of the club. The group planned its next meeting for 7 p.m. Sunday, Feb. 14, at the YMCA.

Dinner Honors Coach Schmitt
A dinner honoring Bill "Red" Schmitt, Granite City high school wrestling coach, is scheduled for 6:30 p.m. Monday at the YMCA by the Boosters of the Fighting Warriors.

Schmitt, now in his 15th season, has directed GCIS teams to a 209-141 record in dual matches and several tournament championships.

This week his recently-springing string of 133 victories, which covers over area teams was spotlighted in Sports Illustrated magazine.

Walter Anderson, GCIS wrestling coach, and VanBurskirk, TR 6-5077, Cost is \$2.25 per person.

After the dinner, the Boosters will meet and view basketball films narrated by coach Andy Sullivan.

Coolidge Wrestlers Divide Two Matches
Coolidge junior high school's wrestling team took to Florissant 25-14 Tuesday but bounced back yesterday with a 34-11 triumph at Roxana. The Braves own a 6-6 record.

Chris Leonard, 133 points, was the only winner in both matches, taking a decision against Florissant and a pin in 1:35 against Roxana.

Also winning by decision Tuesday were Greg Homyer (103), Terry Lautengren (112) and Ray Kahn (180). Yesterday, Dave Martin (103), Dan McBride (154) and Gary Holland (180) won on pins and Eddie Walton (95), Jerry Griffin (120) and Mike Guschowski (127) won on points.

Terry Yeager (138) won by default and the heavyweight bout was a double forfeit.

St. Mary's Defeats St. Mark's by 57-46
St. Mark's of Venice 57-46 in eighth grade basketball last night at the Venice grade school.

Don Bunk scored 22, including 18 in the second half, for St. Mary's with Jim Dittman adding 15 and Gary Wasylik 10. For St. Mark's, Jack Lee scored 17, Duane Georgeff 12 and Tim Tolliver eight.

St. Mary's record is 5-3. St. Mark's stands 3-9.

Amsted Promotes Two Former Trainees Here

Robert G. Spilker and Jack R. Milby, who received their professional training at American Steel Foundries here, have been appointed assistant controllers of Amsted Industries, parent body of the local firm.

Spilker had been serving as manager-taxes, while Milby had been manager-general accounting.

Milby joined the company as an invoice audit clerk in 1950, the same year he was graduated from St. Louis University with a bachelor of science degree in commerce. He was an assistant trainee from 1951 to 1953, was named assistant manager-taxes in 1955 and manager-taxes in 1956.

Milby became an Amsted assistant trainee in 1938 following his graduation from the Ohio University school of commerce. From 1960 to 1962 he held several accounting posts with American Steel Foundries. He was named chief accountant for Amsted in 1963 and manager-general accounting last Oct. 1.

SWIU East St. Louis Center To Give Nat'l. Teacher Exam

Southwestern Illinois University has been designated as a test center for administering the National Teacher Examination on March 30. The examination will be held at SWIU's East St. Louis Center, beginning at 8:30 a.m.

Eligible to take the tests are college seniors preparing to teach and teachers applying for positions in school systems which encourage or require applicants to submit their National Teacher Examination scores. The exams are prepared and administered by Educational Testing Service, Princeton, N. J.

At the one-day test session a candidate may take the Common Examinations, which include tests in professional education and general education, and one of the 13 Teaching Area Examinations, designed to evaluate his understanding of the subject matter and methods applicable

to the area in which he may be assigned to each.

Bulletins of information describing registration procedures and containing registration forms can be obtained from the SWIU Student Affairs office at either Alton or East St. Louis, the SWIU Counseling and Testing Service at Edwardsville, or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton.

Mrs. Mary Jane Loper, assistant coordinator for testing and research at SWIU, urged prospective teachers planning to take the tests to send for information bulletins as soon as possible.

Big Spending Planned By Nation's Steel Firms

Iron and steel companies in the United States will boost their capital outlays to a record \$1.9 billion during 1965, after spending \$1.6 billion during 1964, according to estimates by American Iron and Steel Institute today.

Granite City Steel is planning to spend \$140,000,000 over a three-year period for expansion and modernization.

The advance estimate of \$1.9 billion for 1965 is higher by \$100,000,000 than the tentative figure announced last autumn by the Institute.

The companies, striving to improve their competitive positions now have invested more than \$18.3 billion in post-war capital improvements. The total will soar past the \$20-billion mark averaging a little more than \$1 billion a year, if the advance estimate for the current year is on target.

The 1964 figure of \$1.6 billion (preliminary) is second only to the amount spent in 1957, when outlays were \$1.7 billion, and up sharply from \$1,040,000,000 spent during 1963.

The heavy investments are designed to improve the range and quality of the companies' products and to increase efficiency.

The outlays cover technological changes which encompass iron-making, steelmaking, the shaping of mill products, heat treating and operations outside the mills such as raw materials improvement and handling equipment.

Big investments are being made to install basic oxygen steelmaking furnaces, continuous galvanizing facilities, cold reduction mills, continuous casting equipment, wide hot strip mills, vacuum degassing, light gauge plate, vacuum melting, improved annealing equipment, taconite plants and other facilities.

The Roca club made plans Tuesday night to attend the "The Doctor in Spite of Himself" at 8:30 p.m. Friday at St. Louis University.

The club scheduled basketball practice at 1 p.m. Sunday at Coolidge junior high school and planned to attend church services in a group Sunday morning in honor of its winter sweetheart, Janice Velzer.

Authorized action of 170 acres of a 137-acre tract adjacent to Parks airport, Calhoun, needed to reopen the airport, in connection with an existing runway. A bill appropriating \$350,000 to buy the entire 137-acre tract is in the Illinois Legislature, and if it is not passed, the 17 acres will be financed through the overall bond issue.

The board designated the First National Bank of East St. Louis as a depository for the airport revenue fund. It will handle funds being received from the city of St. Louis and rentals from McDonnell Aircraft Corp. which uses some of the facilities.

Authorized the sale of 175 old buses, 1941 through 1947 models, which will be replaced by 120 new air-conditioned buses to go into operation in the spring.

It was noted that the average life of a bus is 15 years and the average age is 7 1/2.

But the 15 transit companies which operated independently before consolidation in 1963, none purchased new buses after 1959, and their average age was 13 years. Since Bi-State operation of the lines, 50 air-conditioned buses already have been purchased, and the additional 120 will reduce the average age to 11 1/2 years. They also will give the Bi-State system the largest fleet of air-conditioned buses in the country.

Referred to its transit committee a request by a senior citizens group for reduced bus fares at certain hours of the day and days of the week.

Financial Report

Heard in an annual financial report that the transit system ran \$671,000 short of meeting all charges including a capital improvement fund. The operating fund deficit alone was \$334,588.

For the 12-month period ending Dec. 31, revenue totaled \$22,229,029, and operating expenses were \$23,563,618.

Revenue for the month of December was \$1,876,343, while operating expenses and fund requirements were \$1,900,243, a deficit of \$23,900.

Agreed to a request by the St. Louis Bi-Centennial committee to place an exhibit in Keil auditorium together with other federal, state and local governments.

MORE ABOUT Rapid Transit

(Continued from Page 1.)

powers nor any financial resources of its own to contribute toward the construction of rapid transit facilities, it was pointed out, and since funds other than transit revenue will be required to match federal grants from taxes, steps should be taken immediately to promote the appropriation of the matching funds.

As the federal government has shown an interest in rapid transit, so should state governments, Bi-State felt, and gave as an example a recent appropriation by the Massachusetts legislature in establishing \$225 million to aid transit in major cities of that state.

Pending initiation of the overall planning program, Bi-State proposes consideration be given to the use of existing railroad right-of-way, the lower deck of Eads bridge and the railroad tunnel facilities under downtown St. Louis. Possible value of the old St. Louis post office as a sub-street level transit terminal also should be considered, the agency felt.

Rapid Transit Study

When the mechanism for the overall planning program has been established, a study of rapid transit should start immediately, according to the proposal, and updating of the 1959 Gilman report should speed the study. Transit Services Corp. also was authorized to investigate the possibility of obtaining federal funds for the rapid transit study. Because of the magnitude of the system, and as the entire area would benefit, Bi-State called for the whole-hearted support and cooperation of all elements of the Bi-State community, including county and municipal officials and agencies, business and civic leaders and organizations, as well as the press, radio and television.

It was pointed out that only New York City, Chicago, Philadelphia, Boston, Cleveland and Toronto now have rapid transit systems. Construction currently is under way on four other projects, including a \$1 billion project in the San Francisco Bay area where voters authorized \$850 million in general obligation bonds. Projects are being planned in four other major American cities.

Cost Comparisons

In viewing the cost picture for transit versus highways, it was shown that the entire transit system in the Bi-State area represents an investment of less than \$25 million, as compared with an estimated \$750 million current expenditure program for local highways and expressways. Another example showed that right-of-way acquisition cost for the Mark Twain expressway was \$25 million, and that the estimated total cost of the revamped Third street highway between Washington avenue and 12th street and Gravois in St. Louis, a two-mile highway facility, will be about \$21 million.

It was decided to send copies of notes on the proposals to the governors of the two states and to officials in counties and cities of the two-state area.

In other action the Bi-State commissioners:

Authorized purchase of about 17 acres of a 137-acre tract adjacent to Parks airport, Calhoun, needed to reopen the airport, in connection with an existing runway. A bill appropriating \$350,000 to buy the entire 137-acre tract is in the Illinois Legislature, and if it is not passed, the 17 acres will be financed through the overall bond issue.

GC Alderman Recalls Meeting Churchill

Sir Winston Churchill's impressive knowledge of the U.S. middle-western states and his firm handshake are vividly recalled this week by Seventh Ward Alderman G. H. Sternberg, who met the late British leader under unusual circumstances while Sternberg was on active duty with the Seabees in world war II.

The incident occurred off the south coast of England, near the Isle of Wight, where Sternberg and four other Seabees, all originating from mid-western states, were constructing concrete breakwater boxes as part of a portable bridge and floating dock facility. The installation was being assembled in preparation for D-Day and less than two months later would be towed to the Omaha beach invasion area on the French coast.

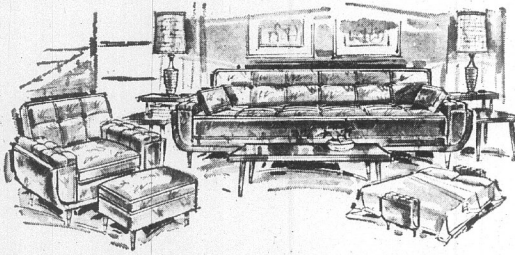

As Sternberg recalls, his group had spent 48 hours setting up the precast sections in a tidal position offshore and were in the process of attaching them to the floating breakwater when a British sub-chaser appeared alongside and off the small motor craft stepped the British prime minister.

He was accompanied by U.S. Admiral Stark, former South African Premier Jan Smuts and Australian Prime Minister Fraser. The group of dignitaries inspected the project and chatted freely with the five men for some time. Sternberg remembers that all the men were impressed with Churchill's familiarity with the midwestern area.

World Friends Sunbeams met at Second Baptist Church Tuesday afternoon with their leader, Mrs. Betty Lewis.

An Alaskan map was outlined on a large poster and the children made animals, homes, items familiar to Alaska. Work was assigned and Mrs. Lewis lectured for a box to be presented to a needy family.

Those present were Gail Whitcomb, Gail Lewis, Julie Whitcomb, Connie Lindsey, Dennis Reynolds, Robert Wyatt, Dennis Weidman and Gwynn O'Leary.

PINOCCHIO CLUB MEETS

With Mrs. ELMORE. The Crazy Eight Pinocchio club met with Mrs. Barbara Elmore, 2600 Cavana street, Tuesday evening. Those receiving prizes were Mesdames Judy Mills, Mary "Kee" Carol McConnell and Rose Hosh.

Refreshments were served by the Ladies to the prize winners.

Mt. Everest Climber

To Speak at SWIU

How he climbed Mount Everest will be described next Wednesday by Prof. Maynard M. Miller when he comes to Southwestern Illinois University's Quad City-Edwardsville campus teaching centers for two lecture appearances.

Recalling the experiences of his 1963 expedition, Miller will describe the long march across Nepal from Kathmandu to the upper reaches of the Khumbu Glacier and Everest's summit by the South Col and West Tiber routes. Purpose of his climb was to study the high glaciers and geology along the remote border of Tibet from the 16,000 to 25,000 foot levels.

He will comment on the psychological and physical stresses as members of the expedition team climbed the glaciers and rock ridges into the rarified air of the world's highest mountain. Episodes of the dramatic conquest will be illustrated by colored slides.

The lectures will be at noon in the auditorium at SWIU's East St. Louis center and at 4 p.m. in the SWIU Altoon Center auditorium. A reception will be held after each lecture, and the public is invited without charge.

Professor of geology and director of the Geological Institute at Michigan State University since 1959, Miller has been involved in more than 30 different research projects and expeditions in more than 60 countries. He has taught, conducted research or held advisory positions with the Office of Naval Research, the U. S. Air Force, Bowling, Lamont Geological Observatory, and the Gulf Oil Co. and at Princeton, Columbia and Cambridge Universities.

And Mesdames Brenda Austin, Glenda Coleman and Nora Young.

The next meeting will be held at the home of Mrs. Young on Old Altoon road.

Those present were the honoree's great-aunts, Mrs. Ruth Ahrens of St. Louis and Mrs. Lydia Immenha of Chester, Ill., and Mike, Patti and Nancy Ahrens.

Debra is the daughter of Mr. and Mrs. Bertram Ahrens.

The Association of Women's Missionary Society of Suburban Baptist Church will have its missionary guest speaker tonight, W. J. Richardson of Granite City.

PACK 122 TO MEET

Cub Pack 122 will hold its monthly pack meeting tonight at Wilson school.

Boys interested in scouting are being invited to attend, accompanied by their parents.

NEW CLUB OFFICERS

The Ladies Club of the First Free Will Baptist Church met Thursday at the church.

Those present were Mesdames Mrs. Mary Lou Jones, vice president; Mrs. Helen Hall, secretary and treasurer; Mrs. Norma Colyott; and reporter, Mrs. Becky Shaffer.

A business meeting was held with the suggestion made by Mrs. Rogers Millip that the club be renamed the "Faith Circle."

A plan for raising money was discussed, and the ladies drew names for "secret pals" for the year.

A surprise tribute was given to the presidents of the last two years, Mrs. Elaine Stringer and Mrs. Helen Chamberlain. A song was written especially for the occasion by Mrs. Colyott, and a cake was decorated in honor of them. A solo was sung by Mrs. James Arnett, entitled "May You Always."

Refreshments were served. Others present were Mesdames Bonnie Riley, Audrey Mills, Lela Schum and Betty Smith.

The next meeting will be held Feb. 18 at the church.

BRIDAL SHOWER

Mrs. Philip Samnings, 4932 Mueller avenue, the former Miss Linda Buford, daughter of Mr. and Mrs. Earl Buford, 2908 Forest avenue, was honored Sunday afternoon with a bridal shower held at the Kirkpatrick recreation hall.

The hostess, Miss Alice Myers, 541 Margaret avenue, had decorated the hall in blue and white streamers. Wedding bells were suspended above the table, with streamers and bridal bouquets cascading from the bell. A cake was decorated in the blue and white color scheme and was served with coffee and punch.

Games were enjoyed and prizes were won by Mrs. Lorene Bodenschatz, Mrs. Mary Elaine Smith and Diane Nichols. Also present were Mesdames Della Randolph, Geneva Buford, Laura Buford, Marie Buford, Mildred Nichols and daughter, Nelda, Irma Metcalf, Bernice Myers, Austin Buford and daughter, Delores, Carol Buford and daughter, Joyce, and Gayle Bodenschatz.

CUB PACK MEETS

Cub Pack 122 of the Wilson school PTA held a monthly meeting at the school. The meeting centered with a tag ceremony by Den One under the direction of Cubmaster Joseph Moutria.

A business meeting was held and a financial report was given by Treasurer Bertram Ahrens. Moutria announced plans for a candy sale to be held in March. A play was presented by Den Two, with Mrs. Shirley French in charge.

Refreshments were served by Den One under the supervision of Mrs. McKinney. Mrs. Carl Stinson led the group in prayer. After refreshments were served, games were played by all the children and the parents viewed soap carvings and scrapbooks made by the cub scouts.

Bowman Graduates From Marine Mechanical School

Marine Pfc Larry M. Bowman, son of Mr. and Mrs. Lewis S. Bowman, 3100 Wayne avenue, recently was graduated from the Marine Mechanical Fundamentals school at the Naval Aviation Technical Training Center, Jacksonville, Fla.

The school serves as an indoctrination into Marine Corps aviation in addition to providing reserve personnel with a basic knowledge of aviation fundamentals.

Claude Miller knows Good Meats and makes sure you receive them every time!

We pick your sizzling Tri-City Groc. Co. steaks at the cattle pens in National Stockyards of East St. Louis. Claude Miller, shown above, is vice-president in charge of all our meat operation. He is pointing to a pen of healthy, well-nourished cattle which have been properly raised on grain, they're the "cream-of-the-lot". Soon, they will be processed and sold in our stores under the C. W. Quality Guaranteed Beef label.

Claude Miller, shown above, is in a major packing house cooler placing our "TRI-CITY" stamp of approval on sides of fully matured, grainfed steer beef, from the prime producing areas of the nation. This beef has been government inspected by the U.S. Dept. of Agriculture. Such quality control assures that you will get tender cuts of meat at our traditionally low prices. When you want the best in beef, look for the blue and gold "C. W." label on the package.

Lincoln Place

MARY ANN DOMITROVICH
1627 Maple Street
TR. 7-0801

The Lincoln Place Girls club joined members of the Boys club Sunday afternoon to collect donations for the 1965 March of Dimes campaign.

The two groups met at the community center, 822 Niedringhaus avenue, where they were assigned specific areas. They returned to the center for hot dogs and hot chocolate.

A special visitor was Mrs. Betty Walls, county chairman for the March of Dimes drive, who thanked the youngsters for their assistance. She also said that Lincoln Place was the first area to complete its drive.

Among the volunteer workers were Beth Ann Dineff, Lynne Lovagheff, Teresa, Rebecca and Roseanne Alvarado, Mrs. Mike Jones, Maxine Muehle, Lisa Garcia, Connie Evans, David Collier, Wayne Canada, Teddy Domitrovich, Allen Schroeder, Michael Hall, Mark Evans, John Birdsong, Miss Cheryl Traudhoff, Mrs. Elva Ortiz, Mrs. Ruth Rapoff and Mrs. Mary Ann Domitrovich.

TO AT PACK MEETING

Cub Pack 19 of Washington school met at the school Monday evening for a monthly meeting with George Bjedson, Oliver Gilmore and Gordon Whitford in charge.

Opening was by Den One with the pledge of allegiance. Reports were heard and accepted. Songs were enjoyed and skits were presented by the den.

Awards were presented by Whitford to David Gilmore, Michael Cook, Barry Jeffort, Teddy Domitrovich, Mark Jettison, Michael Myers, Ronald Castle, Gary Peters and Terry Mosser. Registration cards were given to Martin McCluskey, James Reid, William Brannan and Louis Martin. A new cub, Larry Whitford, was sworn into the pack by Bjedson. Bobcat pins were turned for Danny McCluskey and Louis Martin.

Roll call was taken and den reports were heard. Den Four won the parents' attendance award and Mrs. Vivian Cundiff, den mother, accepted the award.

Announcements were made of coming meetings on the blue and gold banquet on Feb. 22 at 6:30 p.m. at the school. A cake walk was enjoyed by all and refreshments were served to approximately 75.

Den One of Cub Pack 19 met Wednesday evening at the home of the den mother, Mrs. Birdsong, 2708 Cayuga street.

The cubs opened with a flag ceremony. Plans were discussed for future projects and a blue and gold banquet in February. Ice cream and cookies were enjoyed before closing the meeting with a living circle.

Those present were David McCluskey, Edith Olsen, Gary Peters, Ronald Castle and Mark Goodson.

BROWNIE TROOP MEETS

Brownie Troop 109 held a regular meeting Tuesday evening at the community center, 822 Niedringhaus avenue. The Brownie promise and pledge of allegiance were repeated.

The girls reviewed a program they will perform at a PTA meeting, Donna Kuehnoff sang a song and the Brownies closed the meeting with "Taps."

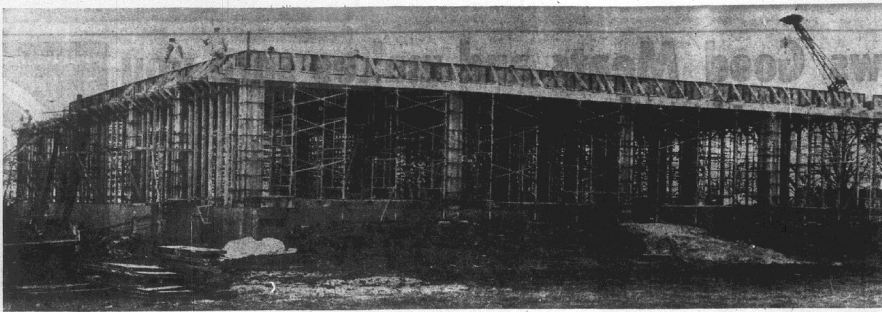

Those present were Evelyn Baker, Darlene Berry, Minnie Frankov, Linda Cook, Kathi Deitrovich, Lucinda Eiling, Cheryl Evans, Pamela Farley, Mary Juhaz, Kathy Kuehnoff, Lou Ann Kussell, Julie Mendez, Vicky Petrillo, Barbara Pickett, April Reagan, Vicky Skirle, Barbara Spach, Mary Ellen Zerlin and their leaders, Mrs. Mary Kuehnoff and Mrs. Vincine Zerlin.

Junior Girl Scout Troop 160

met in the cafeteria at Washington school Monday evening with the leaders, Mrs. Virginia Kessner and Mrs. Josephine Jung.

The pledge of allegiance was repeated. A PTA program was discussed and badge work was continued.

"Goodnight Girl Scouts" was sung and refreshments were served to Barbara Berry, Torry

NEW TELEPHONE BUILDING for expansion of Southwestern Bell facilities in the area northwest of Granite City takes shape after pouring of roof and side pillar structures. Bricklaying will begin soon. The building is now about 40% completed and should be ready for installation of equipment in April, according to Leo Wolf Contractors, which is doing the work. The

Den Five of Cub Pack 19 met Wednesday at the home of the den mother, Mrs. Gerry Peters, 2704 Cayuga street. The cubs opened with the pledge of allegiance.

The blue and gold banquet was discussed, songs were sung and the meeting was closed with a living circle and den yell.

Present were Dennis Bernatz, Lynn Hufford, Allen Johnson, Richard Wood and Billy Brannan.

Junior Girl Scouts met

Tuesday at Washington school with their leader, Mrs. Rosemarie Lindner.

Paula Patton called roll and each girl answered by reciting a Girl Scout law.

A financial report was given. The girls practiced for a show to be given at the next PTA meeting. Connie Evans led the pledge of allegiance and Cynthia Baker led the girls in "Taps."

The girls discussed the community center, 822 Niedringhaus avenue, with the sponsor, John Birdsong.

President Michael Gracey called the meeting to order. Bobby Canada was elected as the new secretary. Members who participated in the March of Dimes campaign were thanked.

BOYS' CLUB PLANS TOUR AND SALE

The Lincoln Place Boys' club met Tuesday evening at the community center, 822 Niedringhaus avenue, with the sponsor, John Birdsong.

President Michael Gracey called the meeting to order. Bobby Canada was elected as the new secretary. Members who participated in the March of Dimes campaign were thanked.

The boys discussed touring the Granite City Army Depot and holding a bake sale. Parents will be asked to provide baked goods. Games were played after the meeting was adjourned.

Boys present were Wayne Canada, Teddy Domitrovich, Bobby Galvan, Michael Hall, Tony Lopez, Woody Lovagheff, John and Larry Rutledge, Allen Schroeder, Richie and Ricky Soriano, David Collier, Harold Thicker and Mark Evans.

DINNER PARTY HONORS KALIPS BROTHERS

Seaman second-class Leo Kalips III and Michael Kalips were honored on their birthdays Monday evening with a family dinner. The latter celebrated his sixteenth birthday and was presented with a decorated birthday cake and gifts.

Seamstress Mary Ellen Zerlin, who is stationed in San Diego, Calif., is observing his nineteenth birthday and received a long distance call from his family.

Relatives and friends who were present for the dinner at the home of Mr. and Mrs. Leo Kalips Jr., 614 Niedringhaus avenue, were Dave Robertson, Dan Jenkins, Mrs. Mary Scars-

dale and sons, Dennis and Bobby, Trudy and Mary Sue Tapp and Barbara, Michael, Patty, Charlotte, Felicia and Joseph Kalips.

building and facilities will cost \$1,185,000, will be used almost entirely to handle new service. The building covers 9184 square feet and is located at Pontoon road and Route 111. It is hoped to open the building in October, at which time the 5Ycamore 7 exchange will be added.

State Aid Loss Likely to be Restored; Resume Fire Code

Favorable and unfavorable economic outlooks were included in brief business discussions near the close of last night's three-hour Granite City school board meeting, which was devoted primarily to educational topics.

On the plus side, Supt. Russell D. Johnson said there is strong and widespread General Assembly support for early action on an emergency state aid deficiency bill.

A \$38 million deficiency has potentially slashed state aid to 81% of what was scheduled for five months. The Granite City claim would be trimmed from \$455,000 to \$126,000 monthly, for a total loss of \$145,000 to \$130,000. If the deficiency appropriation passes, all or most of this will be recovered.

The other development is the necessity to resume spending for school building surveys, relating to extensive alterations required by a state school fire safety code issued in 1964 by the office of State Supt. Ray Page.

A Winnebago circuit court ruling last month termed the code unconstitutional, but a state directive issued this week said non-compliance will be permitted only in Winnebago county.

GC Council Takes No Further Action On Apartments

Residents of the Heintzville area were present again for Monday night's council session, but no move was made by the council to change its action of last week in upholding the City Planning Commission refusal to grant a zoning change for a \$1,600,000 apartment development between Heintzville and the railroad tracks.

About five residents of the area stayed through the entire session from 8 to 11 p.m.

Several residents of the Heintzville area have informed the Press-Record they are considering the possibility of protesting to protect the 108-family development not only because of the additional traffic they would put on streets, but also because of the sewers.

The Press-Record learned from city maps that the sizes of sewers in the area are larger than the eight-inch lines in a number of residential areas. Street Supt. William Warfield said the big problem in the area is that the sewer lines are close to the surface.

The lines for Michigan and Idaho avenues are 12 inches in diameter, while the Michigan line increases to 18 inches. The line between Indiana and Idaho avenues is 18 inches and between Indiana and Oregon, there is a 10-inch line.

A storm sewer into the area is 35 inches in diameter and is between Indiana and Oregon avenues, connecting onto the 48-inch trunk which empties into the Sameoki drainage ditch.

One resident of Heintzville said pictures of the site of the apartment development showed a portion of the area where two old autos have been abandoned.

"That isn't a true picture of Heintzville which has many large and fine homes that were put up by returning servicemen and their families."

The photograph showing a junk car and old tires was taken on the west westerly street in Heintzville to show the area where the apartment development is to be located west of the present residential area, providing a buffer strip between the homes and the nearby railroad tracks.

Parker Named President Of S. Ill. Credit Unions

Cleo Parker, director of the Nickelplate Credit Union and a member of the Eastside Terminal Credit Union, was elected president of the Southern Illinois Chapter of Credit Unions at the annual election held at Fisher's restaurant in Belleville last night. He will fill the office left vacant by resignation.

Thirty-three unions were represented at the meeting with approximately 100 persons in attendance, many of them from this area.

Canal Lock Operator, L. S. Neuling, 56, Dies

Lorin S. Neuling, 56, of Alton, a shift chief and head lock operator for the Corps of Engineers Lock 27 since 1951, died early yesterday of an apparent heart attack.

Mr. Neuling became ill at his home, 504 State street, and was pronounced dead on arrival at 12:30 a.m. at St. Joseph's Hospital, Alton. He had been with the Corps of Engineers for 32 years and also had been a lock operator at Alton.

Mr. Neuling, a native of Ellis Grove, lived in West Alton, Mo., before moving to Alton.

Services will be held Friday at 2 p.m. in Alton with burial taking place at Upper Alton Cemetery.

Snelson Boy's Condition Today Listed as Fair

Reported in fair condition today at Jewish Hospital, St. Louis, is Arthur R. "Ray" Snelson Jr., 17, son of Mr. and Mrs. Arthur Snelson, 3229 Wayne avenue, who was hurt seriously in a one-car accident Jan. 20 on State Aid Route 35.

Previously, the Granite City high school senior was reported in good condition. According to his mother, no visitors are allowed at the present time. In the accident, the youth sustained a brain concussion, a crushed left foot and fractures to his right leg, left jaw and left elbow.

STATE'S GRAIN SHIPMENTS SET NEW RECORDS

An all-time record for inspections of grains shipped in domestic and foreign vessels to all ports was set in 1964, according to a report released last week by the Illinois Department of Agriculture, Division of Grain Inspection.

Over 96-million bushels were inspected for shipment last year, compared to 80 million bushels in 1963, an increase of 20 per cent in the overall total.

Shipments of soybeans to Canadian ports increased about four million bushels during the year for a total of 16 million bushels.

Total shipments of corn to Canadian ports was also up considerably. Approximately 45 million bushels were shipped during 1964, compared with 37 million in 1963.

\$417,000 PURSE FOR STATE FAIR RACE

A program of 26 races for an estimated purse totaling an estimated \$417,000 has been scheduled for harness horse racing at the 1965 Illinois State Fair. A change in the fair format will find racing getting underway on Friday,

Aug. 13, instead of on a Saturday, as in the past. Action will continue through Thursday, Aug. 19, with Sunday a day off.

SEARCH FOR OIL IN CENTER OF STATE

A study of Niagara reefs and their relation to oil accumulation in the DeWitt-McLean county area of Illinois has been prepared by the Illinois State Geological Survey, Urbana.

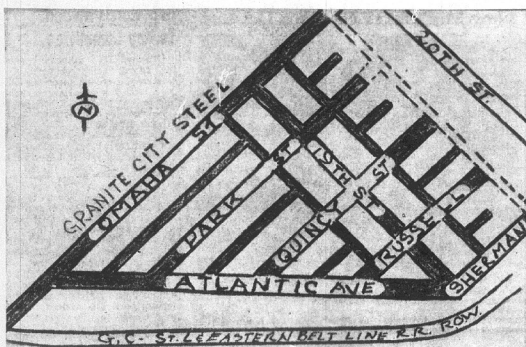

The discovery of Wapella East oil pool 18 miles southeast of Bloomington in November 1962, drew oil industry attention to a large section of Central Illinois previously overlooked. The chance of finding "another Wapella" prompted the drilling of over 150 exploratory holes in the DeWitt-McLean County area in the last two years.

Survey Circular 577, "Niagara Reefs and Oil Accumulation in the DeWitt-McLean County Area, Illinois," may be obtained from the Illinois Geological Survey, Natural Resources Building, Urbana, Ill., for four cents postpaid.

SAFETY HINTS FOR BOATING ENTHUSIASTS

Boaters should check their lifesaving devices before the 1965 boating season begins, the Illinois Department of Conservation has warned.

lisions between two or more vehicles.

An additional 38 fatalities resulted from mishaps in which only a single vehicle was implicated. Four of those killed were pedestrians and 23 were drivers and passengers of the single vehicles involved, including 11 victims in seven railroad grade crossing accidents.

Two Saturdays and two Sundays during the 15-day period accounted for 19 traffic deaths, or nearly 28% of all those killed during this period.

STATE FARM CENSUS LISTS 4500 LESS IN '64

As of April 1, 1964 Illinois had 143,900 farms, 4500 less than the previous year, according to the 27th Annual Farm Census report issued by the Illinois Co-operative Crop Reporting Service.

Total farmland acreage has declined about three per cent during the last decade, according to Robert H. Maas, superintendent in charge of Crop Reporting Service. He pointed out that farming units averaged 208 acres in 1964, up five acres from the previous year.

Reclaiming of strip mines and drained land along rivers has offset losses of farmland to urban development and other traffic accidents involving col-

MRS. LENNA WILLIAMS

Girl Scout Troop 46 met Monday afternoon at St. Mary's school with the leaders, Mrs. Mary Etta Wainwright and Mrs. Ruth Ann Plantz. The girls worked on badge requirements, which included the sign of the arrow.

Those responding to roll call were Linda Bilage, Brenda Broadway, Marsha Lane, Sandra Boshoff, Jocelyn Pingel, Carol Sack, Debbie Topy, Kathy Werner, Karen Sasyk, Joyce Mossa, Karen Koliste, Kimberly Ann Plantz and Debbie Spiff.

Brownie Troop 73 met Monday with its leader, Mrs. Thea Skelly, at Harris school. The meeting was opened with the pledge of allegiance and "America."

The Brownie pledge was given by the girls and a discussion was held on various things planned for February.

Those present were Marsha Anderson, Barbara and Cynthia Bevil, Coleen Cant, Minnie Downs, Carolyn Essington, Brenda Gullede, Janet Stafford, Joann Hollenbeck, Charlene Koro, Georganna Lynn, Robbie Morris, Debbie Oliver, Janet Redman, Deborah Shelton, Terri Taylor, Joanne Varady, Judy

Wilmirth, Pamela Walters, Patricia York, Magelyn York, Janice Maxwell, Elizabeth Madden and Linda Nasirad.

ATTEND INAUIGATION
Mr. and Mrs. Claude Echols, 1435 Fourth street, flew to Washington to attend the inauguration of President Johnson.

They were house guests of Mr. and Mrs. W. C. Robertson and Echols' sister, Miss Mattie I. Echols of Arlington, Va. They also spent time in Roanoke, Va., visiting Echols' mother, Mrs. Frank Echols.

Mrs. Ruth Denton, an aunt, joined the group at Roanoke. Mrs. Denton, who resides in Pembroke, has spent her vacations with the Echols family in Madison. Miss Echols is secretary to Sen. Robertson of Virginia.

Mr. and Mrs. Echols returned by train Monday due to weather conditions.

PINOCLE CLUB MEETS WITH MRS. MILLER
Mrs. Marie Miller was hostess to the Twilight Pinocle club in her home, 1540 Sixth street, Monday evening. Dessert and coffee were served by the hostess.

Pinocle filled the remainder

of the evening with Mrs. Gel Dorogah winning first place. Mrs. Ruby Hornberger, a guest, second. Mrs. Sandra Bray (third), and Mrs. Edith Lementavich, fourth.

Other members playing were Bernice Townzen, Mrs. Mary Etta Wainwright and Mrs. Melba Senter.

The next meeting will be held Feb. 22.

EGO IS TOPIC OF CLASS MEETING
Mrs. Avis Richardson, president of the Joy Sunday school class of the First Methodist Church, opened a monthly meeting Monday evening at the church.

The topic, "Ego," was discussed, with each member taking part. A short business meeting was conducted by the president. Refreshments were served to Mr. and Mrs. Robert Black, Mr. and Mrs. Wesley Clemons, Mr. and Mrs. Robert Graves, Mr. and Mrs. David Richardson, Mrs. Louise Ebersold, Mrs. Virginia Vandemark, Mrs. Lorraine Creighton, Rev. and Mrs. Eugene Bessley and the class teacher, Mrs. Estelle McBrinn.

The next meeting will be held Feb. 22 at the church.

BRIDAL SHOWER HONORS MISS MILLER
Miss Mary Ellen Miller was honored with a bridal shower Sunday afternoon given by her aunt, Mrs. Kathy Ford and Mrs. Helen Mickan, in the latter's home, 1914 Elizabeth street.

The honored guest is to be married Feb. 13 in Ironton, Mo., to Harold Miner, who is now residing in St. Louis. The parents of the couple reside in Ironton. The gift table held a bride and groom doll with an umbrella suspended downward over the table. Gifts were opened by the bride-to-be, assisted by her aunts. Games were played, and prizes being awarded.

ATTEND FUNERAL OF FORMER PRESIDENT
Mrs. Minnie Perry, Mrs. Mary Arnold, Mrs. Mary Mortenson, Mrs. Chlo Maxon, Mrs. Idelle Gregory and Mrs. Jackson and daughter attended funeral services for Mrs. Ruth Melcher Monday afternoon at St. John's Cemetery.

A former resident of Madison and a member of the Lutheran Sunday school class of the First Baptist Church, Mrs. Melcher had been residing at a Sparta nursing home before her death. A number of the class members visited her recently at the nursing home.

New Mix Makes Fabulous Desserts

Here's a new deluxe dessert mix you can count on to create a wide variety of glamorous desserts that taste as good as they look. Just add cold milk and water to the mix, then whip and chill. You can make creamy pies, layered parfaits, elegant molds and many frozen delicacies with this dessert mix. Try it during the holidays to highlight family or party menus.

Molded Eggless Whip
2 packages vanilla whipped dessert mix
1 cup cold water
1/2 teaspoon ground meringue
1/2 teaspoon rum extract
In small, deep, narrow bowl, thoroughly blend dessert mix and milk. Whip at high speed of electric mixer 3 minutes — mixture will be very thick. Blend in water. Whip at medium speed about 2 minutes. Fold in meringue and rum extract. Spoon into a 9-inch quart mold. Chill 3 hours or more. Unmold. Serve plain or with a custard or fruit sauce, if desired. Makes 6 to 8 servings.

Refreshments were served to Mrs. Pat Jackson, Mrs. Josephine Harper, Mrs. Betty Connolly, Mrs. Tina Thomas, Mrs. Wilma Lange, Mrs. Fern Devos, Mrs. Helen Patterson, Mrs. Barbara Mickan, Mrs. Mary Volas, Mrs. Brenda Quick, Mrs. Charlene Rayfield, Mrs. Jean Regan, Mrs. Florence Goggin, and Miss Linda Regan.

Rep. Harris Named To Key Committee

Granite City's veteran legislator, Lloyd "Curly" Harris (D), was named chairman of the Illinois House appropriations committee on Tuesday by Speaker John Tanton at the legislative session resumed.

Rep. Harris held the post during two earlier sessions, but Republicans served in the post in 1963-64.

Ebersold, Mrs. Erma Graves and Mrs. Mary Mortenson arranged the table decorations. After the dinner hour, 20 members and guests adjourned to the main hall for a business meeting, with Mrs. Ebersold, the new noble grand, presiding. Mrs. Maude Gann of Centralia held a school of instructions, after which the noble grand appointed new committees.

It was announced that Delray will entertain District 26 officers on Feb. 9.

The student council at Madison junior high school is making plans for a patriotic assembly on Feb. 11, a St. Valentine's Day "suck hop" Feb. 15 and a February bake sale, each to be held at the school. Dale Clinton will head the council again during the spring term, with Howard Harper as vice-president. Mary Louise Chanson, secretary, and Barbara Orr, treasurer.

MADISON BAND PARENTS TO MEET MONDAY
The Madison Band Parents Club will meet at 7:30 p.m. Monday at Madison Junior High school with Mrs. June Barban, president, in charge.

Topics to come under consideration by the group will include purchase of band uniforms for the students.

More About Retailers Told

(Continued from Page 1.)

the happiness and warmth in the store, we'll go back... and remember, we'll do it with joy.

Expanding in Retailing
In a resume of the past year's success among the retailers, President Miller pointed to the expansion and development of shopping areas in the Quad Cities downtown districts and in the outlying areas.

He suggested that steps be taken as soon as possible for widening of State street from 23rd street to Fehling road and the paving of the roadway from 29th street to Fehling road to provide easier access to all shopping areas.

Miller forecast an upswing in consumer spending because of larger incomes, an increase in employment and because more people have money in the banks.

R. Lee Pace, he recommended emphasis on "merchandising" and spelled it out.

"Merchandising"
In spelling it out, Miller said: "M stands for modernization, the physical factor, store fronts, E stands for expansion through excellent displays and traffic patterns."

H-H-H-H — knowing what to buy and also stock control.

C — Competition — you can buy from various sources and so can your customer.

A — Advertising — A must.

N — Neatness — bosses, clerks and the store.

E — Economy — the population explosion means new subdivisions and more customers.

I — Inventory, a complete selection that meets customer requirements and needs.

S — Service — an adequate stock that prevents customers from shopping elsewhere and a marketing concept that the sale begins and ends with the customer.

I — Initiative — a driving force. Your customer expects enthusiastic and does not appreciate high power and aggressiveness. Favor your customer; he expects it.

N — New Ideas — one-stop shopping centers, drive-in banks, franchise restaurants, all were new ideas. Keep yourself modern and up-to-date.

G — Glamor — the outward polish that attracts attention. This is merchandising excellence.

Officers, Directors
Officers installed with Miller were:

Earl Harris, the Surplus store, vice-president, retailing division; Morris Helman, Helman's Style shop, assistant vice-president, retailing; Gene Guttin, Lender-Deermont store, vice-president, credit bureau; Charles Baricovic, American National Bank, assistant vice-president, credit bureau; Robert Derfler, St. Elizabeth Hospital, vice-president, collection office; John R. Smith, HomeTown Loan Co., assistant vice-president, collection office; Fred Williams, First Granite City Savings & Loan, treasurer; Ralph Morris, Morris Realty & Insurance Co., secretary; and Alvin T. Barnes Jr., executive director.

The new directors named were:

Worker Killed in Fall From Tower at SWIU

Wayne Kirby, 28, of Beltho Iron Works, was fatally injured at 10 a.m. Tuesday in an 80-foot fall from a water tower under construction at the Quad-Cities campus of Southwest Illinois University.

Kirby, who lived in the Bethalto-Meadowbrook area, was pronounced dead on arrival at DePaul Hospital, St. Louis.

The worker fell inside the center shaft of the tower and struck a metal platform halfway down, then fell to the ground. Rescue workers experienced difficulty in reaching him and were forced to cut a hole in the steel deck upon which Kirby fell so that he could be lifted out.

A workman on the tower said he did not see Kirby fall but that apparently he was struck by a "head-ache ball" and knocked off the tower. Kirby was employed by the Chicago Bridge & Iron Co.

House Goes Down in 10 Minutes

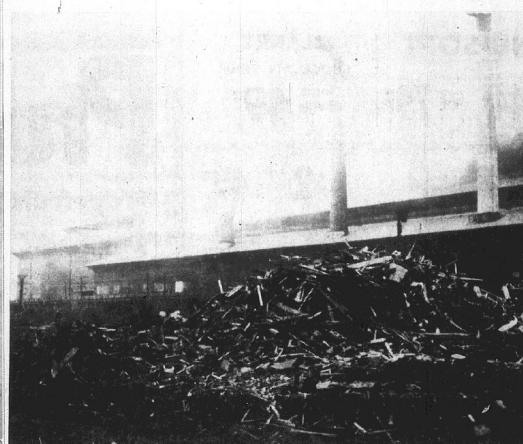

SOMEONE YELLED "TILT" when the bulldozer moved in on this house in the "Back of the Mill" area which had become a "ghost town." Granite City Steel Co. has begun preparation for its \$140 million expansion and modernization program by clearing the site for basic oxygen furnaces.

BULLDOZER REDUCES same house to rubble in a matter of 10 minutes as Granite City Steel Co. clears old houses along four blocks along East 19th street from Sherman avenue to Omaha street at a cost of \$38,000. The S. M. Wilson Co. is the contractor for the project.

LITTLE IS LEFT of old residence in "Back of the Mill" which 10 minutes earlier was sitting on foundation, except for rubble in the foreground as a bulldozer adequately did its job. Even the streets were abandoned by the Granite City council, and in return, Granite City Steel Co. is giving a snorkel-equipped fire truck to cost from \$50,000 to \$55,000.

RUBBLE PILED HIGH in the "Back of the Mill" area is all that remains of houses which once provided shelter to many Granite City residents. The space is to be used by Granite City Steel Co. in its multi-million-dollar expansion and improvement program. The debris is being removed to a dump for disposal. In the background is the present open hearth furnace department.

TALK BY NEW ADVISOR

The Isabel Bevier unit of the Madison County Homemakers Extension Association is making plans to attend a St. Louis style show Feb. 17 and to hear a talk by the new home advisor of the Madison county association Feb. 26 at the home of Mrs. Doris Wilson.

A "birthday dinner" will be held in March, commemorating the date on which the unit was organized, and a talk will be given on March 16 in Edwardsville by Mrs. Margaret Lynn of the University of Illinois, dealing with "Preparing for a Satisfying Marriage." Donald Frost will be guest speaker at the county association meeting April 29 at the United Church of Christ in Edwardsville.

The Lutheran Women's Missionary League is making plans to participate in World Day of Prayer services in March for all league members in this vicinity. The organization's Women's Bible Group will meet Feb. 3, and the league has scheduled a meeting for Feb. 18.

ST. ELIZABETH CHURCH PLANS MISSION WEEK

A special meeting was held at St. Elizabeth Church Monday evening to plan and outline activities in conjunction with a mission to be held at the church the week of March 21. Follow-up meetings will be conducted to complete all phases of the program. A Franciscan priest will conduct the special mission services.

Reginald Memerick is to serve as chairman, assisted by John Bell, Ted Kwiatkowski, John Kleish, Ken Sudholt, Frank Pare, Jim Reinhardt, and Madeline Kathleen Wachter, Marie Schoer, Marge Noeth and Ruth Malotki.

All members of the committee and Rev. Lawrence Mattingly were present Monday. Pre-mission plans discussed at the meeting include informing parishioners of the program, and a canvass of the parish, asking each member to participate.

CIRCLE MEMBERS TO MAKE CANCER DRESSES

The Nameoki Presbyterian Evening Circle held a monthly meeting Tuesday evening in the home of Mrs. Irma Taylor, 1736 Primrose avenue.

Mrs. Fern Mitchell, chairman, presided and announced tentative plans for making cancer dresses on Feb. 5 in the home of Mrs. Bonnie Britton.

"The Fellowship of the Least Coin" and missionary names of the day were read and prayer was offered by Mrs. Eva Pyle. The lesson was given by the new pastor, Rev. Gail Cross, and was taken from a study book entitled "Live As Free Men."

Mrs. Taylor served refreshments to those named and Mesdames Louise Thompson, Edith Simpson and three guests, Mrs. Martina Spivold, Mrs. Doris Nicol and Mrs. C. W. Genard. The next meeting will be held on Feb. 23.

CUB PACK 22 PLANS BLUE AND GOLD DINNER

Cub Pack 22 held its monthly meeting Tuesday evening at Frohardt school with Cubmaster Leo Manogian in charge.

The meeting was opened with a flag ceremony by Mrs. Arthur Stawar, Den six. Plans were discussed for a blue and gold banquet to be held Feb. 23 at Concordia Lutheran Church.

Arthur Stawar, award chairman, presented the following boys with awards: Kevin Hoedrich, Stan Manogian, Terry Hollis, Neil Seymour, Tim Zen-

ik and Alex Tarpoif. A new den mother, Mrs. Opal Hill, was welcomed.

The program was presented by Den Eight, directed by Mrs. Mary Tarpoif and Mrs. Betty Skirball. The boys gave a play, "Trailblazers," their January theme. They also conducted a game period.

The cubs formed a living circle to close the meeting, and refreshments were served.

GIRL SCOUT LEADERS PLAN FUTURE EVENTS

Girl Scout leaders of Neighborhood Five met Tuesday morning at the Nameoki Presbyterian Church, Mrs. Arlene Brinkmeyer, chairman, conducted the meeting.

Several events were announced for February. They included Girl Scout cookie sale kickoff, Feb. 20 at 9:30 a.m. in the Washington theater; "Thinking Day" at the Madison recreation center Feb. 21; and a council meeting for leaders and council members Feb. 24 at 10 a.m. at Scott Air Force Base.

On Feb. 25 at 9:30 a.m., leaders from Neighborhood Five are being invited to attend a meeting of Neighborhood Two in the Lincoln Place community center.

A regular meeting is planned for Feb. 23 with Mrs. Ruby Jackson to show slides of a trip made by her senior scout troop along the east coast and into Canada. Mrs. Brinkmeyer discussed Girl Scout Week starting March 13, when a two planting ceremony is planned with Neighborhood Five in charge.

On March 30, an international pot luck dinner will be held. Mrs. Brinkmeyer also announced that applications for established camp and day camp will be distributed shortly. Final registration date for established camp is March 15, and for day camp March 25.

Junior Girl Scout Troop 242 met Tuesday at Maryville school, with 21 members present. Work was completed on a troop project. Later, several scouts visited with another troop and assisted members with the same project.

CREDIT UNION ELECTIONS

St. Mark's Credit Union held its annual meeting Sunday afternoon in the church basement, with L. M. Daniels, president, in charge. Following the business meeting, board members were elected.

New officers are William Eberhardt, Fred Duerksen, Harlan Hooks, Harry Hadley, William K. Mehan sr., Bernard Dixon, James Foley, Peter Ponce, Robert McKinney, Daniels and Jay Maurer.

Guest speakers for the occasion were C. O. Parker of the Southern Illinois Chapter of Credit Unions, Bill Williams, Granite City Steel Credit Union; Ray Manning, Cuna Mutual Insurance Co.; Albert Taylor, East Side Terminal Credit Union and Bill Tavis, field representative, Illinois Credit Union League.

A dinner was served to about 50 persons. St. Mark's Credit Union will hold its meetings every third Sunday at noon.

HARDEN ELECTED CREDIT UNION PRESIDENT

The East Side Terminal Credit Union held an annual meeting and election of officers Sunday afternoon at the Venice-Madison American Legion, Duquoin.

The meeting was conducted by George L. Horton, retiring president.

Newly-elected officers are Albert Harden of Venice, president; W. J. Oliver of Granite City, vice-president; and Ivan J. Fomero of Granite City, secretary and treasurer. Elected as directors were Leo Webb, Robert Rolan and Jimmie Beut, all of East St. Louis; Don Williams and Homer "Cal" Pendleton, both of Granite City; and Melvin Hildebrand of Venice.

Guest speakers were Bill Tavis, field representative of the Illinois Credit Union League, who spoke on the credit union services; Ray Manning, district manager of Cuna Mutual Insurance Co., also gave a talk. Mrs. Mildred Burris was a guest.

After the meeting, a luncheon was served to 63 persons by the hostesses, Mrs. Ann Harden, chairman, and Mrs. Carol Sanderson, Mrs. Joyce Derreck, Mrs. Thelma Schulz, Mrs. Blancha Mumphord, Mrs. Margaret Oliver and Mrs. Bees Shell.

The new meeting will be held Feb. 13 at 9:30 a.m. at the Duquoin.

Allen Says 4-Gs Will Back Partney as Mayor

Support by the 4-Gs (Granite City Government Group), for Donald Partney, Youth Ward alderman, in his candidacy for mayor was announced this week by Richard Allen, local attorney, who had picked up petitions for all offices to be filled in the Granite City city-ward election.

Allen said the 4-Gs is being organized to include the voters of various wards and that the members are agreeing to work in a cooperative effort to support Partney for election.

"We are in the process of making selections for other city and township offices in Granite City and will be making an announcement in a short time," he added.

Madison Serviceman Continues Education

Army Specialist Five Johnny E. Cobb, son of Mr. and Mrs. Joseph L. Cobb, 1503a Third street, Madison, recently completed a course in review mathematics as part of a continuing educational program while a member of the service. He is one of more than 280,000 servicemen now enrolled with the U.S. Armed Forces Institute in various education courses.

Cobb, who attended Madison schools, is a member of the 577th Engineer Battalion at Fort Benning, Ga., where he serves as an asphalt distributor operator. He is married to the former Miss Sue Sequin of North Tawapunga, N.Y.

City officials and members of the fire department will be held at Venice high school Feb. 6, starting at 7:30 p.m.

CANASTA CLUB MEETS WITH MRS. CANNON

Mrs. Elsie Cannon entertained her canasta club Monday evening at her home, 643 Lincoln avenue.

Prizes were awarded to Mrs. Marge Fumero, Mrs. Bee Schaffner and Mrs. Rose Ritz. A two-course luncheon was served by the hostess.

Others present were Mrs. Mabel McGee, Mrs. Dorothy Copeland, Mrs. Ruth Canner and Mrs. Lorenne Morris.

Jim Daniels left Monday morning for Springfield after spending the weekend visiting his wife, Carolyn, and children, Jimmie, Mary, and Catherine, home, 124 Granville street. He also visited his parents, Mr. and Mrs. J. L. Daniels, 200 Kern street.

Daniels is employed in the state license bureau in Springfield.

Mitchell Kiwanis to Expand Street Sign Project in Area

Plans to begin the second half of a street sign erection project for the Mitchell area started by the club nearly two years ago, were made Monday night by Mitchell Kiwanis club members. Several fund-raising ideas were suggested. Previously, club members erected signs in the area east of the Mitchell railroad tracks, leaving the remaining streets in the community for the second phase of the project. Since the original signs were installed and an estimate made

on the number required, several streets have been added to the area. The group was told by Frances Richardson and Eugene Durrett, project co-chairmen. Currently, the two men are conducting a survey on the number and type of new signs which will be needed. Present plans call for the actual installation to take place in the spring. After the business session, the members adjourned to the Rose Bowl restaurant for an inter-club visit with the Granite City Kiwanis club. Herbert R. Schmitt, Granite City Kiwanis president, welcomed the group and gave a brief talk on the practice of inter-club visitation.

Dr. Coleman Receives Toasters' Award

Dr. Leo Coleman received the weekly speaker's award for his topic "Parents Should Aid Children in the Modern World," which he presented at a dinner meeting of the Granite City Toastmasters' club Monday evening at the Grand Cafe.

A second talk was made by Marvin Dean, whose subject was entitled "Have You Read a Good Book Lately?" Dr. Claude Hiles served as toastmaster, and the general evaluator was a guest, William Walker of the Collinsville Toastmasters' club.

Harry Fichte, executive vice-president, was in charge of the business portion of the meeting. Fourteen members and three guests attended. Other guests were Howard Cole and Harris Young, both of Collinsville.

GC to Study Cost Of Return to City Sanitation Dept.

Granite City council members voted Monday night to notify Lamer-United Disposal, Inc., of its intention to terminate the three-year garbage and trash collection contract on the May 21 expiration date.

The present contract calls for payment of \$147,500 a year to the firm, and a Sanitation committee to be named by Mayor Davis to work with the council's Finance committee to determine if the collections could be carried out at a lower cost.

Davis said he would name the committee at next Monday's meeting so data can be compiled in order to give the required 60-day notice to the disposal firm.

The motion to give notice of termination of the contract was made by Alderman Boyd, who formerly headed the Sanitation committee. No committee was named by the mayor at the start of the new fiscal year last May.

To Establish Cost Figure

The two committees are to work with Controller John Dober to determine if the city could re-establish its own department and operate it at less cost than under a contract.

To be taken under consideration are the cost for buying or renting equipment, number of employees, the sizes of crews, salaries, miscellaneous expenditures and the growth of the city since the city sanitation department was dropped three years ago.

Council members also discussed

Granite City PRESS-RECORD
Thurs., Jan. 28, 1965 Page 25

ed the possibility of seeking new bids, and it was brought out the city would soon be faced with a different type of operation in disposing of trash and garbage and may have to either build its own incinerator or do it jointly with other communities.

Recall Suit, Picketing

Several council members recalled the employees' lawsuit and picketing of their homes that resulted from the city's disbanding the sanitation department in favor of contract collection.

Boyd was asked to withdraw his motion to permit the committee to begin their work, but when Partney refused to withdraw the second, the vote was conducted. Four aldermen—Nomm, Skubish, Mrs. Betinee and Pence—declined to vote. Those favoring the motion were Partney, Whitmer, Basarich, Bartosch, Johnson, Bergfeld, Boyd, Moerlen and Thompson. Voting no were Rutledge and Sternberg.

Those who abstained from voting or opposed the motion commented that they did not want to see the city end a garbage and trash collection contract without plans to continue the city service without operation. They added that they believed the cost figures should be available before the firm is notified that its contract is to be terminated.

Alien Registration Deadline is Saturday

All aliens residing in the United States have until Saturday to register their addresses at local post offices. Special registration forms, available at local post offices, must be completed and returned by the Saturday deadline.

If an alien is temporarily absent from the United States during January, he is to report his address within 10 days after his return.

Failure to comply with the registration requirement could result in fines, imprisonment and deportation.

Forms are to be filled out personally by minors and adults, but may be filled by a parent or guardian for any individual under 14 years of age. Over 500 aliens registered in the Quad-Cities last year.

IMPACT OF TOURISM demonstrated by Eugene M. Conrad (left) holding the average of \$4.37 spent when a traveler passes through a community, and Richard J. Newman, chief of the State Division of Tourism, showing the \$18.83 spent if the tourist stops overnight. Accompanied by Conrad, Region Eight (Illinois Expedition Land) consultant, Newman visited the Quad-Cities to encourage further promotion of tourism.

Program on Love Sunday at Christian Science Church on Sunday, including First Church of Christ, Scientist, 2560 Delmar Avenue. The subject is "Love," and the Golden Text will be from I John.

Friendliness Here Called Big Attraction to Tourists

Regional friendliness of this region — plus its natural and man-made attractions — central location and reasonably priced accommodations — may soon make it a major tourism center, in the opinion of Richard J. Newman, chief, Division of Tourism, Illinois Board of Economic Development.

Newman, who has been touring the 11-county Illinois Expedition Land (Region Eight Tourism Council) and other regions this month, calls attention to the value of tourism and its economic impact — an average of \$4.37 spent in each community visited by a tourist, and an average of \$18.83 expended if an overnight stop is included.

In a visit to the Press-Record, accompanied by Eugene M. Conrad, Region Eight consultant, Newman expressed optimism over Illinois tourism prospects, although he likened this state to the tortoise in the "tortoise and hare" story. Illinois did not actively seek tourism until recent years because of its otherwise balanced economy, state backing in natural resources and industry tried harder to attract tourists because they needed the revenue so badly.

But times are changing, Newman comments, adding that there has already been a marked increase in tourism. He traveled 200,000 miles last year in carrying the Illinois message throughout the nation, and the inquiries coming from the New York World's Fair and other sources have exceeded all advance predictions, topping that of 1954. All 50 states and 51 foreign lands have been heard from. The subject is "Love," and the Golden Text will be from I John.

A big and largely untapped asset may be Illinois' own more than ten million population. "For years we have been the No. 1 export state and one of the leading tourist states, in reverse," Newman says. "If more people can be encouraged to visit their own region and make it a part of Illinois, there will be a noticeable impact."

For those traveling across the country east and west or north and south, Illinois is well located. But we need to attract them off the highways and into the countryside for a part of a day, or several days. Major destinations of long-distance travelers often include Chicago and the Lincoln shrine at Springfield. Two improvements which Newman is seeking are more rest areas along highways and more adequate camping grounds.

\$900,000 Investment
He views the \$900,000 appropriation by the state in 1963 as a major breakthrough; of this total, \$400,000 is being used to match a like amount of funds raised and expended by the tourism councils, of which there are 11. A new appropriation is being sought.

Region Eight consists of Madison, St. Clair, Bond, Jersey, Clinton, Montgomery, Marion and Calhoun counties. William H. Thosler of the Chain of Rocks Motel is the Quad-City area tourism chairman.

Newman, 37, Champaign, a 1948 University of Illinois graduate, left his own advertising agency to accept appointment as state tourism director by Gov. Kerner in September 1963. His motto is "Make Illinois first," and he is convinced that more and more people will do

5 Illinois Power Co. Linemen Sent to Chicago

Five linemen from the Granite City office of Illinois Power Co. flew to Chicago earlier this week to help restore power knocked out by last weekend's severe ice storm. More than 200,000 homes and business establishments in 200 Chicago area communities were affected by the power failure.

The local men were part of a contingent of 70 workers in 14 line crews who were sent with trucks and equipment by Illinois Power to assist the Commonwealth Edison Co., which provides power service for the Chicago area. A total work force of over 4000 men has been working 16-hour days to restore service.

Madison Postal Staff Vacancies to Be Filled

Due to retirements and resignations, there are two vacancies at present in the staff of the Madison post office. Postmaster Harry R. Johnson announced this week.

An examination for substitute clerks and carriers is to be conducted soon at East St. Louis, and application forms are available at the Madison office. No specific deadline has been set.

Just that, especially if occupants of autos with out-of-state license plates are offered assistance and treated to typical midwestern friendliness and hospitality.

Engineer Johnston Ups \$4958 Bill to \$7425

Granite City council members were stunned Monday night when the Finance committee instead of presenting a breakdown of a \$4958 engineering bill for David J. Johnston & Associates, presented a new bill totaling \$7425 and called for further study.

The new bill gives a partial breakdown by projects and is dated Jan. 11. Alderman Rutledge, chairman of the committee, said the group has not yet had an opportunity to study it and plans to call for a meeting with Johnston before any recommendation is made to the council.

A comment was made—"Better do it in a hurry before the bill goes up again."

\$875 For Sidewalk Surveys
The new bill lists \$875 for sidewalk surveying by a crew at a rate of \$125 per day. Included are one day each for Iowa street, Ohio avenue, Missouri avenue, West 25th street, St. Clair avenue, East 25th street and Lindell blvd.

Another \$125 was added for three days work in surveying by a crew for the fence at the new animal shelter building.

For drafting and design of new sidewalks, the city is being billed \$236, plus \$118 for 50% overhead and profit, to amount to \$354. This includes in the \$236 total—30 hours at \$3.75 an hour for Iowa street, \$112.50; 4 1/2 hours for Ohio avenue, \$22.50; 15 hours for West 25th street, \$56.25 and six hours for East 25th street, \$22.50.

No dates are listed for any of the surveys or the design work.

"Office Time"
Another page of the bill lists "office time" for sewer tap-on information, manhole grades and locations, sewer grades and miscellaneous information. While dates are given, no locations or projects are noted on the bill.

The payments are for W. A. Pearson and Theodore Pfroender of the Johnston staff, with Pearson paid at the rate of \$30-a-day and Pfroender, \$16.60.

For May the amounts given are \$480 for 16 days for Pearson and \$88 for five days for Pfroender; June, \$390 for Pearson for 13 days and \$149 for Pfroender for nine days; July, \$330 for Pearson for 11 days and \$168 for Pfroender for 10 days; August, \$310 for Pearson for 17 days, September, \$480 for Pearson

for 16 days; October, \$330 for Pearson for 11 days; November, \$300 for Pearson for 10 days and \$149 for Pfroender for nine days, and for Dec. 1-21, \$330 for Pearson for 11 days.

The total for salaries is \$3880, with 50% added for overhead and profit (\$1940) to make the total \$5820.

Original Bill
The original \$4958 bill was for engineering services May 1 through Nov. 30 based on the \$550-a-year set up for a public engineer for the city. However,

the office was not created until last September. Mayor Davis contended Johnston was on the job through 30-day appointments. Legality of the bill which was presented in December, was challenged by the aldermen who asked for a breakdown after the Finance committee met with Johnston.

The larger bill presented Monday night was a result of that meeting.

Freedom's Meaning

Authoritarian reformers, bureaucratic public servants and statisticians can erode the people's basic freedoms through endless regimentation and restrictions that are not essential to the public welfare.

Will New Assembly Adopt Reforms?

By Senator Paul Simon
There is unquestionably a new atmosphere about the legislature that has convened. There are many new faces and some healthy changes seem to be in the wind.

But whether the changes will mean any basic reform in some much-needed areas is yet to be seen.

New Leadership
Two things make up the elements of change.

First is that eight of the ten persons in leadership positions have never been leaders before. The second is the great number of new members who came in on the orange ballot on both sides of the aisle. In order to secure independent voters, both parties put up some unusually fine candidates for the House.

The Illinois House of Representatives today probably has more talent than has any similar House in our state since 1857, when Abraham Lincoln and Stephen A. Douglas both served there.

Code Disclosures Needed
But can the new members and the new leaders secure changes like a code of ethics, disclosure by legislators of their financial interests, disclosure by each of them of what they spend, and disclosure by legislative and other state candidates of their campaign contributions? I think all these changes are much needed, but they may or may not pass.

It is significant that for the first time in many years they have at least an outside chance of passage.

But these new ideas for reform are bringing a lot of not-so-quiet grumbling from some of the members who do not look with much favor on change, at least this time of change.

Battle Shaping Up
And so the battle shapes up for this session. There is a new members who favor some

reforms, together with some of the new leaders who either feel similarly or want to maintain their leadership by not offending too many, against those who are old-timers who for one reason or another like the present setup.

Here it should be added that while the orange ballot has much that was had about it (areas unrepresented, a voter decision on an impossible number of names) also tucked out that there was much good about it. Many of the new members have come in with a breath of fresh air that Illinois needs.

Without the at-large race, the Democrats would have lost the Chicago like Adlai Stevenson III of Chicago and Harold Kutz of Glenview, both of whom will be able legislators.

Public Can Be Influential
Part of the answer to whether the new leaders secure changes like a code of ethics, disclosure by legislators of their financial interests, disclosure by each of them of what they spend, and disclosure by legislative and other state candidates of their campaign contributions? I think all these changes are much needed, but they may or may not pass.

A PUBLIC SERVICE OF THE ILLINOIS STATE MEDICAL SOCIETY

Viruses Cause Variety of DANGEROUS AILMENTS

Unless you've been exceptionally lucky during the past year, you've had at least one bout with a virus disease.

You were fortunate if it was only cold or flu, for viruses also cause such devastating diseases as typhus, measles, mumps, poliomyelitis, smallpox, virus pneumonia, infectious jaundice and chickenpox—to name a few.

Whatever virus disease you encountered, one thing is certain: your physician had no specific cure for it. Despite years of intensive research, the tiny, disease-causing organisms known as viruses have successfully eluded all attempts to cure them with antibiotics or other biochemical agents.

Extremely Small Size
One reason for this successful evasion is the size of the virus itself. Unlike bacteria and other disease-forming organisms, viruses are so small that they can be seen under an ordinary microscope. It was not until the advent of electron microscope 10 years ago that scientists could take a good look at viruses and see how they caused disease.

The electron microscope—which uses a magnetic field for a lens and a stream of electrons instead of a lens and light—showed that most viruses cause disease by injecting their toxins through the cell wall of a living organism.

With this information—a plus physical picture of the virus—medical scientists set to work developing drugs to destroy them.

Thus far, however, all attempts at finding specific, antiviral chemical agents have met with frustration.

Adapt To Thwart Cures
The simple structure of viruses enables them to modify their form almost instantaneously to remain immune against an attacking drug. Some viruses, it has been shown, can form a crystalline form while retaining their disease-causing potency.

Due to this stubborn resistance, medical science has shifted its attack. Instead of seeking new drugs to kill viruses, they are finding new, effective vaccines which render the virus helpless through immunization.

Immunization against a virus is accomplished by injecting a weakened or killed strain of a particular virus into the patient. The body's immune system then produces antibodies to combat the virus. Already it has conquered smallpox, measles and smallpox.

In the future, effective vaccines are promised for German measles, infectious hepatitis, and the greatest pest of them all, the common cold.

GCHS Band Concert Tonight To Feature Sousa Marches

Eight stirring compositions by John Philip Sousa will be featured at 8 o'clock tonight by the 120-member Granite City High School band, which will present its second performance of the current season under the direction of Louis E. Meek, band instructor.

The public concert will be given in the high school auditorium. Admission is by season ticket, or tickets may be purchased at the door for \$10 to adults and 50 cents for children.

Tonight's repertoire of marches will include "The Black Horse Troop," "Noble and the Mystic Shrine," "Semper Fidelis," "George Washington Bicentennial" and "The Stars and Stripes Forever."

Other Sousa selections will be

work developing drugs to destroy them.

Chances Improving For 1965 Widening Of Namekik Road

The attitude currently being taken by state and city officials indicates there is a strong possibility that the state and half-mile-old Namekik road widening project will move off the drawing boards and into the construction phase this year. This is imperative to avoid delaying other municipal, residential and commercial improvements, and for the cooperation by all parties will remain of great importance during the coming weeks and months.

Since there is no time to waste, the establishment of a March 1 deadline on right-of-way negotiations would seem to be in the overall public interest. Whether this time limit will permit adequate purchase talks is uncertain; some property owners have not yet been contacted and may thus have less than a month in which to negotiate. It is hoped that no hardship results, and that any differences which cannot be resolved are acted upon fairly by the condemnation jury.

Particularly encouraging is the approach of the new district highway engineer, Robert Kronst, who showed at a conference last week that he intends to concentrate on the essentials and take direct action to expedite appraisal reviews and title reports. As soon as the city completes its tasks of appraising, negotiating and condemning property, enabling right-of-way acquisition to be certified, the state has promised to take only five weeks to award the paving contract.

Construction Gains Here Exceed National Average

Significance of local building activity is shown by the \$6,445,000 Granite City total for last year, close to a hundredth of 1% of the \$65.9 billion grand total in the entire nation.

The 41% gain here far outdistanced the 1964 U.S. construction increase of 6%, and the prospect is bright for exceeding the national trend during coming years as well.

Mayor Pay Increase Sound But May Not Go Far Enough

A step in the right direction was taken this week, with the decision to prepare a resolution increasing the pay of the mayor and other Granite City officials. Whether the step goes far enough may vary.

The \$10,500 salary discussed, together with a \$1500 itemized expense allowance, represents little if any raise over the previous \$11,400 level (\$9000 basic pay and \$2400 yearly unitemized allowance). The expense allowance should match that of the city's police and fire departments, but reimbursement would be less than under the existing law.

Exact remuneration to be established can be determined by the council, but one of the points to be kept in mind is the need to attract public officials of a high caliber. And if the mayor's post is to be a full-time job—which is vital if Granite City planning and services are to meet the challenges of the future—then the mayor should be paid as much as a full-time official.

Some administrative positions in private industry, however, have new telephone exchange designations as shown has always stumped us. We still have not figured it out, but are confident that SYcamore-7, which will be a full-time job, will fit in with the overall communications pattern which is now being set up.

An even greater mystery is how the Granite City officials qualified for such a high salary, since all around us the all-number forces are making steady gains—636 in Edwardsville, 344 in Collinsville and 345 in the area of the new district state police headquarters.

Regardless of whether it contains letters or not, the additional exchange is welcome; it reflects local population growth and will make possible improved telephone service for the Namekik-Pontoon-Mitchell areas of the community.

Public Must Speak Out To Have State Reforms Adopted

Sen. Simon, now in hot water with some legislators over his published allegations about the Illinois General Assembly, is not alone in his efforts in an article elsewhere on this page. His thinking is that, with so many new and able representatives in office during this session, there may be a majority willing to accept the reforms that would bolster public confidence in Springfield activities.

There may be little actual prospect of passage of some of the proposals—a code of ethics relating to conflicts of interest, disclosure by legislators of their financial holdings, listing of campaign gifts accepted by candidates and announcement of spending by lobbyists. But the citizenry is powerful, when it exercises its power, if voters throughout the state make their wishes known, the most unusual session in state history could also become the most productive and progressive.

Caddying—the only business in which it pays to be left holding the bag.

New Study of Fluoridation Effects

All local cities have authorized fluoridation of the water supply, but lack of approval in Belleville currently blocks the project. The city is being served by the East St. Louis and Interurban Water Co.

What effect does fluoridation have on the body? The United States Public Health Service has awarded a \$35,000 grant to the University of Illinois College of Dentistry in Chicago. The grant will be used for a scientific, controlled investigation of what happens to dental practices in fluoridated communities.

The project is being directed by Dr. Bruce L. Douglas, associate professor and coordinator of dental medicine and the social aspect of dentistry. A research supervisor, Miss Sylvia Coppersmith, has been appointed to develop methods of gathering information.

Safe, Valuable
"On the basis of massive public health statistics," said Dr. Douglas, "we now know that fluoridation of public water supplies is one of the most effective ways to prevent dental cavities. There is no question about the value and safety of this measure for improving the dental health of a community."

Such a study is of vital importance to a public health official, dental educator, and dentist themselves, for it helps up the good work, Mr. Young.

Number Of Users Increasing
"Since well over one-third of the American people are drink-

ing fluoridated water today, and the number is constantly rising, the time has come for this data to be collected and analyzed."

Several communities in the United States are being used for the study. Comparable communities, with fluoridation and the other without, will be compared with floodlight, Illinois, which has its permanent fluoridation plant, will have dental researchers consider to be insufficient.

Newburgh, N. Y., which has had fluoridation for the past 20 years, will be compared with Kingston, N. Y., which is fluoride deficient.

No conclusions are expected immediately since the initial problem is to set up proper investigation procedures which will give meaningful results.

The FORUM
Name and address must accompany each letter but will not be revealed if anonymity is requested. Contributions should be 250 words or less. All letters will be given preference. All are invited to contribute. Letters with obvious mistakes or lacking in good taste or fair play will be rejected or edited.

FOUND WELL KEPT
Granite City has a fine and dedicated humane officer, Al Young. I have visited the city pound on different occasions, and it has always been clean and well kept. The animals are well cared for and I am sure.

It takes a person who sincerely enjoys the work he does to do it well, and Mr. Young does a wonderful job as our humane officer.

Granite City is fortunate to have him. Keep up the good work, Mr. Young.

GC Oks 12 Street Lights And 3 Fire Hydrants

Installation of 12 street lights and three fire hydrants were approved Monday night by the adoption of resolutions by Granite City council members.

Illinois Power Co. is to be instructed to place the lights at 3019 Denver street, in the alley at 2432 Center street; at West Pontiac road and the Commodore driveway; on Colonial drive at an existing pole; two on East 23rd street at the Lake school drive ways.

Two on Edwardsville road at 21st street; on the easement at 1530 Clark, at No. 2 Pontiac drive at Westchester drive; in front of 3221 Carlson avenue and at Sarah and Lynch avenues.

Aiderman Bartusiak complained of the installation of a street light in the middle of an alley and opposed the resolution. He said it seemed useless to put lights in alleys and that people should stay out of alleys at night.

The fire hydrants are to be located in Lincoln place at St. Louis and Poplar streets, St. Louis and Spruce streets and at 2828 Spruce street.

Also approved was a proposal by Illinois Power Co. to provide service to the city's new sewerage treatment plant under construction at the Granite City Army Depot. A contract resolution is to be prepared and submitted for final approval.

Watson New Manager For Reese at Wood River

Ralph Watson, 2409 Benton street, has been named manager of the Wood River store of the Reese Drug Co., Inc. He has been employed as pharmacist at the Wood River store the past year and a half.

A graduate of the Granite City high school and St. Louis College of Pharmacy, Watson resides with his mother at the Benton street address.

Hits Bridge Railing

The front of a car driven by Donald R. Spriuel, St. Louis, was damaged extensively Monday when the car skidded on the east approach of McKinley bridge and crashed into the south railing. Venice police said damage was in excess of \$100 and had to be towed away.

UF Total Reaches \$337,353; Exceeds Last Year by 11%

Work area in half of the Quadrants area United Fund campaign since the end of the drive last November, has increased total contributions to \$337,353 for 100.7 per cent of the 1965 goal. It was announced today by Joseph Glik, chairman, and John H. Hundley, vice-chairman of the fund drive.

In a final report detailing results of last year's campaign for the 1965 quota, Glik and Hundley announced that late contributions and analysis of pledges revealed by local additional firms have qualified for Fair Share Giving plaques awarded for campaign gifts of \$10 or more per employee in firms having more than 25 employees.

In addition the final audited report added the Contractors Firms section, headed by Freeman Wolfe, to the list of campaign units that exceeded their quotas.

The final report pointed out that on Nov. 12, when the quota was exceeded, contributions stood at \$335,903, or 100.2 per cent.

The additional Fair Share Plaques awarded on the basis of the final audit went to Nesco Steel Barrel Co., Madison County Federal Savings & Loan, Namsok/Murdock Beer Distributor, National Auto Supply Co. and Mrs. Seibold's Bake Shop.

Results of the Nov. 12 report also revealed eight chairman had exceeded their quotas in addition to those previously mentioned. These included Ernest

Veihl, outside area section; Marvin Henderson, utilities employees; Charles Moerlein, transportation employees; Edwin Reiske, labor groups section; Dr. Irvin Wiseman, medical section; C. Wayne Banks, Granite City Army Depot; William F. Hoelscher, Granite City and Mitchell, and Stephen Maers, Madison division.

8 Quad-City Defendants on Criminal Setting

Eight defendants charged in Quad-City area crimes are listed on a criminal setting in Madison county circuit court at Edwardsville beginning Monday, and seven more are listed on another setting for the following week.

A pre-sentence hearing also is scheduled for Monday for Roy Kurzak, 36, of Mayville, formerly of Granite City, and Bryan C. Stone, 34, of Wood River, who have pleaded guilty to murder and burglary charges.

Set for Monday are Mrs. Marian Heldbrink, 41, of 4933 Willow lane, charged last September with embezzlement of \$31,000 from Leader's department store; Bedford J. Bravely, 21, of 511 Second street, West Madison, and Charles E. Davis, 22, of 202 Allen road, Eagle Park Acres, charged with burglary in the theft of radiators from the Post-

nar Auto Salvage firm in Madison on Nov. 1.

Jerry Leitz, 20, and Kenneth Wayne Williams, 24, both of Farmington, Mo., and Steve Eugene Hammers, 19, of Doe Run, Mo., charged with burglary at Grandin's store, Collinsville road, on Nov. 28; Booker T. Turner, 44, of 1220 Market street, formerly of Granite City, charged with burglary at the Lawrence Heagy home, Venice, on Dec. 24.

Robert Joseph Boviardi, 23, Collinsville, charged with unlawful use of a weapon in Granite City on Dec. 12.

Second Week's Setting.

Set for the following week are Wilfred C. Bennett, 29, of 2800 Second street, West Madison, and Charles E. Davis, 22, of 202 Allen road, Eagle Park Acres, charged with burglary in the theft of radiators from the Post-

Traffic Conviction Backlog Cut by State

Secretary of State Paul Pownall reported today that the backlog of unprocessed traffic conviction reports submitted to the drivers license division has been reduced to 22,056, a decrease of 15,139 from a year ago.

This has been accomplished despite the fact that 100,000 more reports were received in the same period, he said. The total for the 12-month period was 1,146,280. In the first three weeks of January this year, 74,933 reports were received, an increase of 22,400 over the same period a year ago.

The present number of unprocessed reports is within the normal backlog of 15,000 to 25,000, he said. None of them, he emphasized, involves a violation calling for mandatory revocation of the driver's license, as all reports of that type are processed from each day's mail and processed immediately.

Questions About Business Answered in Tax Guide

Answers to most questions about small business operation are to be found in a 1965 edition of the Internal Revenue department's "Tax Guide for Small Business," according to Jay C. Philpott, district director of internal revenue for the Quad-City area.

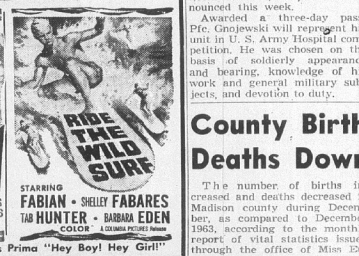

Things the guide contains complete information about federal income, excise and employment taxes.

The 160-page booklet is designed for use in day-to-day operations. Two special features are a tax calendar for 1965 and a check list. The calendar lists dates on which various tax and information returns and payments are due and explains each tax deadline briefly. The check list shows at a glance what taxes the small businessman may be liable for, where detailed information on each may be located in the guide, and what forms are needed to prepare returns.

The guide explains federal tax aspects of buying, starting and operating a business, and selling or otherwise disposing of business. It covers the applications of Federal tax laws to sole proprietorships, partnerships and corporations, and special tax problems of manufacturers, retailers, professional men and other types of businessmen.

The tax rules on deductions and record keeping for business entertainment, travel and gift expenses are fully explained in the guide. Other important subjects covered include accounting periods and methods, inventories, depreciation, investment

Tarpo Appeal Denied By State Supreme Court

(Special from Springfield)

The Illinois Supreme Court has denied leave to John Tarpo of Granite City to appeal an appellate court judgment involving a constructive trust sought for two parcels of Granite City real property.

The appellate court judgment was in favor of Henry D. Karandjeff, Granite City banker. It affirmed a Madison county circuit court judgment in a case in which Tarpo asked to have the trust impressed on the properties.

The property is located on Niedringhaus avenue across from the old post office. It formerly housed Simon's restaurant, the J&R store, Frank's card shop and the Granite City Dental Laboratory. The buildings were destroyed by fire.

The appellate court judgment was rendered by Judge Tarpo appealed to the Supreme Court on Nov. 10. The high court ruling stops further litigation by Tarpo in the case.

Collide on Bridge

One auto was damaged in a two-car collision on the west end of McKinley bridge at 11:55 a.m. Tuesday. Venice police said the cars were driven by Alfred J. John of Florissant, Mo., and Willie W. Douglas, St. Louis.

John's car was damaged in the right rear, but Douglas said there was no damage to his car. Both autos were headed east on the bridge when the collision occurred.

County Birthrate Jumps, Deaths Down Last Month

The number of births increased and deaths decreased in Madison county during December, as compared to December 1963, according to the monthly report of vital statistics issued through the office of Miss Editha Hotz, county clerk.

Births totaled 362, compared to 341 for the same month the previous year, and included 157 males, 195 females and three sets of twins. In the previous December, there were 164 males, 177 females and two sets of twins.

The number of deaths fell from 204 to 197. Marriages increased from 174 to 208, the report showed.

150 Quad-Cities Shriners To Attend Annual Meeting

More than 3000 Shriners and their guests are expected to attend the annual Ainaid Shrine presentation tomorrow night at the Ainaid Shrine in East St. Louis.

About 150 Quad-Cityans will be on hand for the affair which will include the presentation of officers and a receiving line, followed by a vaudeville show, a buffet luncheon and dancing.

Bids Called for Fire Alarm, Beds at County Home

Sealed bids will be accepted until 10 a.m. Feb. 8 at the county auditor's office for an automatic and manual fire alarm system and for hospital beds for the Madison county nursing home at Edwardsville.

Specifications are available at the office of John L. Kraynak, county auditor, courthouse, Edwardsville. The bids will be opened by the nursing home committee of the Madison county board of supervisors.

We set out to build the most beautiful, best performing car in the low-price field...and this is how it looks!

'65 OLDS F-85
The Rocket Action Car!

Sure it's good looking. But you'll never know what a honey the new F-85 really is until you buckle down behind the wheel. You'll go for its rollicking V-8 response (with up to 315 horses)! The serene smoothness of its full-coil ride. The solid quiet of its body by Fisher. Actually, only one thing equals the pleasure of driving this budget-pleasing F-85: The pride of owning it!

FEMALE POOL SHARKS of the future get in a few practice licks on a new 4x8 pool table purchased by Tri-Hi-Y clubs and Teen Town at the YMCA. Sharpening their skills in a game of "8 ball" are, left to right, Donna Miskell, Evelyn Stein and Delores Bounberger, while Joe Martinez and Graig Myers offer a few pointers.

Tri-Hi-Y Girls, Teen Town Buy Pool Table

A new pocket billiard table has been installed at the YMCA Teen Town. The four-by-eight table has a gold bed and cushion cloth, plastic laminated top and sides, chrome pocket shields and an automatic ball return.

The table was purchased jointly by a number of Tri-Hi-Y clubs and the Teen Town treasury.

On Tri-Hi-Y club evenings from 8:30 to 9:30 p.m. Mondays and Thursdays, the table will be reserved for girls only. Plans are being made for instruction classes for girls interested in learning pocket billiards.

Two New M. S. Degrees Set by Rollo-St. Louis

Two new master's degree programs will be offered next semester by the University of Missouri at Rollo at the St. Louis graduate resident center.

They will lead to an M. S. in energy conversion engineering and an M. S. in propulsion and space engineering. Nine courses will be offered at the center during the spring semester. Registration is today and classes begin Feb. 1.

Illinois State University, Normal, has been awarded a \$4507 grant by the Atomic Energy Commission to be used for equipment in undergraduate course-work on nuclear physics.

It will be used by Geiger counters, scintillation detectors, single-channel analysers and other equipment to detect and measure nuclear radiation.

THE DEPARTMENT OF BIOLOGICAL SCIENCES AT ILLINOIS STATE UNIVERSITY, NORMAL, HAS PLACED ITS NEW ELECTRON MICROSCOPE INTO OPERATION.

With much greater magnification power than optical microscopes, it can magnify micro-objects up to 250,000 times, and through photographic and closed circuit reproduction, several million times.

The final event will be High School Journalism Day on April 10, featuring the spring meeting of the Southern Illinois High School Press Association.

There will be a typical southern Illinois dinner and the special favors will be associated with southern Illinois, according to Charles Clayton, professor of journalism. The speaker will be Joyce Swan, an executive of the Cokesbury newspapers in Minneapolis, Minn., a native of Marion, Ill.

Registration is today and classes begin Feb. 1.

4 New Classes Opening For Teen Town Members

A new senior life-saving course, \$10 fee for non-members. A re-judo instruction, a trampoline quired manual at 75 cents will be class and weightlifting will be available the first night. Advance registration is under way in the Teen Town office.

The life-saving course, which will prepare swimmers for employment as life guards, will begin Wednesday and run through March 18. The group will meet from 7 to 8 p.m. for class-room instruction and from 8 to 10 p.m. for pool instruction. Moe Lambert is the instructor.

There is no charge for Teen Town members, but there is a fee for non-members.

The weights room can now be used by Teen Town members from 4 to 6 p.m. Mondays, Wednesdays and Fridays.

New Teen Town lobby hours are 4 to 9:30 p.m. Mondays, 4 to 7 p.m. Tuesdays and Wednesdays, 4 to 9:30 p.m. Thursdays, 4 to 10 p.m. Fridays.

It also was announced that the 11th national Hi-Y Assembly will be held July 1-6 at St. Olaf's College, Northfield, Minn., and it is open to members of Teen Town's Hi-Y and Tri-Hi-Y Clubs.

Junior Achievement Ball, Coronation Friday Night

National Junior Achievement at Granite City high school. The week being observed this week will be climaxed with the 15th annual Junior Achievement coronation and ball Friday night in the Khorassan room of the Chase-Park Plaza hotel, St. Louis.

Representing the Granite City center will be Vicki Duncan, daughter of Mr. and Mrs. Jerry A. Duncan, 3246 Franklin avenue, a member of Jateo, counseled by General Steel Industries. She is one of eight candidates from JA centers in the Mississippi Valley area.

Her escort will be Leonard Wendel, son of Mr. and Mrs. Leonard J. Wendel, 3110 West 20th street. The new Miss Junior Achievement will be identified during the ball.

Miss Duncan is a sophomore.

The only American car that's anti antifreeze and pro-snow
(The difference is its air-cooled rear engine)

'65 Corvair by Chevrolet

Corvair's engine won't freeze. Or boil over. It can't. It's air-cooled. It has no radiator. So there's no place for water or antifreeze. Corvair hasn't much use for snow tires either. The weight of its engine over its rear wheels gives it built-in traction. Nor has it much use for power steering. The engine weight off its front wheels gives it built-in handling ease. And Corvair is the only American car, besides the Corvette Sting Ray, that has a 4-wheel independent suspension. The Corvair Corsa is the only American car you can order with a six-cylinder engine as powerful as a lot of eights—a 180-hp. In fact, it's the only car in the world available with a factory-installed supercharged engine. And Corvair is not only different from other cars, it's different from any other Corvair ever built. This year it's completely restyled. With soft vinyls. Thick carpeting. A roomier interior. A deep-pressed instrument panel. And a touch of the continent in its design. We're proud we can show you a car that stands out from the rest. It makes us stand out a little, too.

COURT OF HONOR held for Thomas G. Ylikopas, son of CWO and Mrs. George Ylikopas, 17 Fontainebleau lane, who is the first Eagle Scout at the Granite City Army Depot. The charge of Eagle Scouting is being given to him by Col. Charles B. Schweizer, depot commander.

Depot Youth Becomes His First Eagle Scout

Thomas G. Ylikopas, 15, son of CWO and Mrs. George Ylikopas, 17 Fontainebleau lane, has the honor of being the first Eagle Scout at the Granite City Army Depot.

A court of honor was held in his behalf at the post chapel with members of Cub Pack 95 of the Depot. Scout executives and volunteer personnel from the depot in attendance. The charge was given him by Col. Charles B. Schweizer, commanding officer.

The new Eagle Scout is a sophomore at Granite City high school and is a member of Troop 95. He has been active in Boy Scout work 3 1/2 years, and last June received the God and Country Award, one of the highest scouting awards available. He also is a member of the Order of the Arrow.

Twenty-eight intramural sports clubs at the University of Illinois range from parachute jumping to karate. Formal competition is carried on in touch football, billiards, bowling, volleyball and other sports.

'College Night' Program Set for GCHS on Tuesday

The Granite City senior high school will conduct its annual "College Night" program, Tuesday night Feb. 2, it was announced today. Parents of juniors and seniors are encouraged to attend the affair at which the opportunity will be afforded to obtain detailed information about the various Midwest colleges.

Representatives will be present from Bradley University, Peoria; Central Methodist College, Fayette, Mo.; Eastern Illinois University at Charleston, Illinois; College of Charleston, University of Missouri, Columbia; University of Illinois, Urbana; Illinois State, Normal; Northwestern University, Evanston; St. Louis University; Southern Illinois University, Edwardsville campus, and Washington University, St. Louis. The college representatives, all admissions officers, will be introduced to the parents and students during a 7 p.m. auditorium session. Each will then be assigned to a room where parents and students may call on the representatives to obtain information about the college or colleges they desire to know about. The College Night program is held annually so that information about the different colleges and universities is made conveniently available.

Directs Discussion Meet
Kathy Oros of Granite City was one of the student directors at Eastern Illinois University for a Panther discussion tournament held for 32 entrants from nine colleges in five states. Topic for discussion was "What Can Be Done to Solve the Problem of Poverty in the United States?"

New SIU Computers Show Increased Speed

With scientific research playing an increasingly vital role in activities of the nation's large universities, Southern Illinois University is completing installation of new and enlarged electronic computing and data processing facilities with vastly extended research capabilities.

E. Robert Ashworth, director of the research and instruction division of SIU's data processing and computing center, said preliminary study indicated the new installation will increase the speed of research computations about 30 times over that of older equipment. He said computing costs on a given project can be reduced as much as 10 times.

In addition to its uses in research and instruction, the center also plays a major role in meeting administrative needs of both the Carbondale and local campuses.

Fodor, 1840 Rural boulevard, a social science major and history and psychology minor teaching social studies at Neugebauer high school; and Mary Gavin, daughter of Mrs. Frank R. Gavin, 3118 College place, a physical education major teaching physical education at Effingham Central grade and Effingham high schools.

**Alton State Hospital
Plans Student Program**
Alton State Hospital's activities therapy department, working in cooperation with the University of Illinois, will use a different procedure this year in placing students assigned to the hospital under a summer field work program.

Robert A. McConnell, Unit B supervisor in charge of field work, said the plan is to give the students a week's preliminary experience at the hospital before they arrive for the summer. He said this "exposure period" designated yesterday and will run to March 3 for the two students started this year.

Big Push for Right-of-Way

Council Working Toward Mar. 1 Deadline for Nameoki Rd.

Striving to meet the March 1 deadline set by the state highway department for final action in acquiring right-of-way for the Nameoki road widening, Granite City council members approved Monday night the hiring of a real estate man, if needed, by City Atty. George Filcott Jr., to negotiate purchases.

Filcott said he should have title reports on 14 tracts this week and that every effort would be made to meet the March 1 deadline. If it is not met, the state has instructed the city to proceed with property condemnation.

All of the work now is being concentrated on the section of Nameoki road from Madison

avenue to the north city limits. A few of the right-of-way tracts needed for the project extend south from Madison avenue to Washington avenue.

Filcott also reported that the city's property appraiser is proceeding with work on the 21 parcels needed for the West Pontoon road widening at the Nameoki road intersection, and also on the 49 right-of-way acquisitions and 98 construction easements needed for the widening south of Madison avenue to Edwardsville road.

However, council members gave instructions for all right-of-way acquisition work to be concentrated on the initial section north of Madison avenue.

St. Clair Ave. Bridge

Negotiations are continuing with the East Side Levee & Sanitary District on the widening of the St. Clair avenue bridge over the Nameoki area drainage ditch. A. W. Pearson of the city's engineering staff said the district has agreed to dedicate a 70-foot right-of-way to the city for the road widening and that the levee board is to act on its phase of installing a concrete sidewalk over the bridge. The city will extend the culverts at its own expense and also is to get a right-of-way from Illinois Power Co. to complete the job.

Approved by the council was a one-year contract renewal with Research, Planning & Design

Associates, St. Louis, to handle motor fuel tax projects for the city at standard fee rates.

The Street committee was asked to get a cost figure for improvement of Johnson road at Clark avenue where there is a dip in the roadway causing large pools of water; and it also was asked to consider a no-parking restriction at 2415-17 State street, where there is a 15-foot section of curb between driveways and motorists park there blocking both driveways.

Approval was given for Shell Oil Co. to raise its station at 20th Street and Madison avenue and build a new ranch-style service building. A driveway on 20th street also is to be relocated. Permission was given for widening a driveway at the G. H. Sternberg & Co. office, 1609 Delmar avenue.

Soybeans Top All Madison County Farm Production

Madison county farms during the year and 1513 peach trees on 13 farms.

There were 7732 head of milk cows on 526 farms as of Jan. 1, 1964, and 1801 head of beef cattle on 517 farms as of the same date.

During 1963, Madison county farmers marketed 5536 head of grain-fed cattle and calves from 405 farms and 643 head of other cattle and calves from 626 farms. There were 1164 breeding ewes on 88 farms during the year, while 4157 sows were farrowed on 638 farms between Dec. 1, 1963, and June 1, 1964.

As of Jan. 1, 1964, there were 100,266 hens and pullets of laying age on 734 farms.

The report shows a total of 2633 farms operated in Madison county during 1964, with a total of 346,358 acres, and 8643 persons living on 2523 of these farms. The difference in population and the number of farms results from elimination of persons occupying farmland as operators and in the case of partnership.

According to statistics in the report, Madison county's 1963 soybean harvest amounted to 86,450 acres on 1761 farms, while the 1963 wheat harvest was 49,953 acres on 1719 farms, while rice, oats and barley represented only a very minor part of farm operations.

Rye Acreage Small
Only 2365 acres of oats were harvested on 298 farms, with 1294 acres of barley cut on 156 farms, and 379 acres of rye harvested on 32 farms. Sorghum was harvested on 1144 acres of 29 farms.

The report shows a total harvest of 14,509 acres of alfalfa and alfalfa mixtures cut for hay on 1011 farms, and 9867 acres on 684 farms harvested in clover, timothy and mixtures. Thirty-one acres of lespedeza was harvested on only two farms, and only two acres of redtop cut for hay or seed on one farm. Five farms produced 27 acres of other types of hay, and 114 acres of popcorn was raised on four farms.

A total of 1021 acres of red ramoth or shikie clover seed was cut on 77 farms, but only 44 acres of timothy seed was cut on three farms.

Four farms harvested 399 acres of sweetclover seed, and 97 farms showed harvests of 1,084 acres of vegetables. Forty farms harvested 627 acres of other miscellaneous crops.

Pastureland, plowland used for pasture and idle land accounted for nearly a third of the total farm acreage. This included plowland that was used for pasture on 2265 acres of 135 farms, regular pasture land of 50,454 acres on 1561 farms, and 51,792 acres of idle land in the soil bank, wasteland, woods, lots or other categories.

RC Cola Profits Will Top 30% Rise Estimate

The Royal Crown Cola Co. dividend on common stock usually declared at the January meeting will be announced Feb. 15, since the board is now meeting monthly rather than quarterly.

President W. H. Glen announced this week in Columbus, Ga. It is to be payable in April. Glen said 1964 earnings will exceed earlier estimates, although final figures are not yet ready. March, he predicted, a 30% earnings rise and a 10% to 15% sales increase. Former astronaut John H. Glenn Jr., no relation to W. H. Glen, is orienting himself with the company's operation at Columbus and will later make his headquarters the RC Cola overseas offices, Fort Lauderdale, Fla., where he will be engaged primarily in expansion of international markets.

3 Stop Signs Will be Placed Along W. 20th

Three stop signs are to be placed along West 20th street aimed to slow speeding trucks operating to and from the Granite City Port.

The stop signs are to be located on West 20th street at Levee avenue, Spruce street and Jefferson street.

Also under traffic contract, a parking zone for 3 to 4 p.m. on Mondays through Fridays was established on the 2000 block of Grand avenue at the request of women's bus drivers.

The zone is to be on the west side and extend 300 feet south from 30th street, Mary Davis said the school administration was unaware of the request and did not believe the zone was necessary, especially since it was more distant from the school than the turnaround circle at the end of Grand avenue.

However, the council went ahead with approval. Last week several of the women bus drivers he voted on at the annual School election to be held in said Saturday, April 10, 1965, for the election of three members to said Board is February 24th, 1965, the last day for filing such petitions is March 10th, 1965, and the candidate may withdraw his candidacy is March 23rd, 1965. A.11 nominating petitions and requests to withdraw candidacy shall be filed with Mr. Lester R. Salem, Secretary of said Board of Education at the office of the Board of Education, between the hours of 9:00 o'clock a.m. and 1:00 o'clock p.m., Monday through Fridays, inclusive, or by mail or before 12:00 o'clock noon on Saturdays.

DATED this 28th day of January, A. D. 1965.

LESTER R. SALEM
Secretary 34-1/28

Manufacturers to Hold Annual Meeting Tonight

Osmond Kelly, Flint, Mich., will be guest speaker at the 1964 annual meeting of the Manufacturers' Association of the Tri-Cities tonight at the Missouri Athletic Club. Former mayor of Flint and currently executive director of the manufacturers' association there, he will discuss the state of the industry and summarize the past year in a report during the dinner meeting.

Hearing Set for Driver

A hearing for Ray P. Welshan, 46, of 2924 Washington avenue, charged with reckless driving, was set for Feb. 4 Tuesday by Magistrate Gasparovic who released him on his own recognizance. Welshan was involved in a four-car accident Sunday evening in the 1600 block of 23rd street and was hospitalized with injuries.

Light Meter Stolen

Louis Meek, 1733 Spring avenue, reported at 2:40 p.m. Monday that a light meter valued at \$25 was stolen from his car between Jan. 1 and 15.

For the convenience of those interested the Secretary will be in the board office between the hours of 8:30 and 9:00 a.m. on the first date of filing and thereafter during the regular business hours of the office. Any person desiring to file a petition at any time during the regular business hours of the office may do so at the County Clerk's Office, DISTRICT NO. 9, Ronald R. Starnes, Secretary 34-1/28

Levee District Cut Spending Last Year

Spending by the East Side
Levee Sanitary District drop-
ped almost \$2 million last year
compared to 1963 but the big
reduction was in maintenance
costs, rather than an "economy
drive" by district officials. Two
Housing Authority; \$84,233 from
Nanticoke township; \$246,635
from Venice township for both
1962 and 1963 taxes; \$7042 from
Chouteau township and \$88,118
in 1962 taxes from the county
collector.

Bank Deposit Changes
Once again, a shift in the
district's bank deposits is in-
dicated by the distribution of
notes in banks at the end of
1964.
The First National Bank in
Madison, which had none at the
end of 1963, has the second largest
amount — \$81,286. The First
Granite City National Bank in
Madison, which had none at the
end of 1963, had just \$320 de-
posited to \$70.

The largest amount, \$459,960,
again was in the Bank of Ca-
hokia, which had \$888,048 at the
end of 1963. Other deposits of
as last Dec. 31: \$333, Bank of
Belleville, \$50,333 in 1963; \$4421;
Bank of Edgemoor, \$238,574
earlier; \$46,284. First Na-
tional Bank of East St. Louis,
which in 1963 had nothing; \$46-
536. Illinois State Bank of
Quincy, same; \$12,997. Bank of
St. Louis, \$33,924 in 1963; \$7078.
Southern Illinois National Bank
of East St. Louis, \$45,828 a year
earlier, and \$50,000. Union Na-
tional Bank of East St. Louis,
which had none at the end of
1963.

Several Quad-City firms re-
ceived payments from the levee
board. They include: Press-
Record, \$1865 for legal publi-
cations; Fijan - Maeres Agency,
\$2528 for insurance; B. E. Hohl,
Inc., \$3800 for garage rental;
Madison County Mutual Auto-
Insurance Co., \$284 for insur-
ance; Kahle & Sons Hardware,
\$26 for parts; Lybarger Materi-
als Co., \$19 for materials;
Schuler Drug Store, \$15 for pre-
scriptions; Sheppard, Morgan &
Schwahn, \$1885 for engineering
services, and Granite City Engi-
neering Co., \$34 for services.
The office of Frank R. Rie-
dinger, Venice township col-
lector, was paid \$256 for mail-
ing notices and Mayor Stephen
Maeres of Madison was paid
\$286 as insurance consultant.
Area Officials on Payroll
Those on the general main-
-

ance payroll from Madison com-
pensation by include Venice township
highway commissioner Frank Ki-
mach, \$2013 as a policeman, and
Granite City Fifth Ward Alder-
man Walter F. Nonn, \$1230 as a
culvert inspector.

Projects employing Quad-
Cityans included: No. 1, Cahokia
diversion channel of Hartford
canal; No. 3, riverfront from
Merchant's Bridge to Cahokia
channel; No. 11, Cahokia chan-
nel in vicinity of Horseshoe Lake
and Route 162, and No. 15,
Nanticoke storm water drainage
ditch.

The report shows former chief
clerk Ben F. Day was paid
\$8066; former treasurer, Thomas
P. McGee, \$1892, and chief en-
gineer, Kraemer, \$7830, with all
figures including expenses.

Former trustee John Molla
received a total of \$8747 includ-
ing \$4188 as right-of-way agent,
\$3917 as chief inspector, \$42 as

Granite City Kiwanis

Discuss 1965 Goals

The aims and goals for which
each Granite City Kiwanis mem-
ber should strive in the current
club year were discussed by Mel-
vin P. Gilie, a vice-president of
the local group, during a weekly
dinner meeting Monday night in
the Rose Bowl restaurant. Twen-
ty-two were present, including
six members of the Mitchell Ki-
wanis club who were inter-club
guests.

Herbert R. Schannott, newly-
installed president, welcomed the
guests and conducted his initial
business session. Committee ap-
pointments were approved and
plans discussed for future meet-
ings.
William Herrman is in charge
of next week's program when the
guest speaker will be Granite
City Steel Co. executive, J. W.
Christy of Collinsville, manager
of steel firm's industrial re-
lations department. Christy, an ac-
tive reservist, will present his
views on the proposed discoun-
tinance of the military reserve
program.

Rotary Magazine Topic

At Madison Luncheon

Madison Rotarians initiated
Capt. Raymond Humphrey,
Granite City Army Depot Pro-
test marshal, as a club member at
their luncheon yesterday and
heard a talk by another mem-
ber, Fred Schmidt, who discussed
the Rotarian magazine. The
monthly publication, currently
on its anniversary month, was
described in detail by the
speaker.

An evening meeting at the
Leo Schermer home was post-
poned from Feb. 17 to March
17. A banquet to be attended by
members, wives and guests was
set for Feb. 24 at Augustine's,
Belleville. Wayne Scarnell was
honored on his birthday.

aged as he drove in front of a
pickup truck driven by William
Elledge, Rural Route One, at
30th and Omaha streets. The car
had made a stop sign before en-
tering the intersection, the re-
port said.

What the
dickens does
3-wire electric service
do for me?

PLENTY!

It enables you to enjoy
the full convenience of modern
electric living.

One out of three homes today still is served by only two electric wires.
(Count the wires coming into your home—two or three?) Two-wire
service is ample for lighting and simple appliances. But for modern
heavy-duty appliances . . . such as an electric range or water heater,
whole-house air-conditioning or built-in electric heating . . . it takes a
3-wire, 240-volt service.

THREE-WIRE, 240 VOLT ELECTRIC SERVICE
should be your first thought in any home modernization plan. Your
electric contractor can tell you how you can add this necessary extra
electric service at reasonable cost. Or call our office for free advice
on modernizing your home wiring.

ILLINOIS POWER COMPANY

SPECIAL OFFER

Now, you can rent a new electric water heater
and get free a complete 3-wire, 240 volt
wiring system installed in your home.

Only **\$1.95 per month***

The monthly rental includes complete
three-wire electric installation, free in-
stallation of heater, all plumbing and wir-
ing, plus free service and repairs. No
money down. Call our office for details.

United Fund Annual Meeting Set Feb. 9th

The annual meeting of the membership of the Tri-Cities Area United Fund will be held at 7:30 p.m. Tuesday, Feb. 9, in the YMCYM.

Reports on the year's operation and last fall's campaign will be presented and the accounting given of the use of contributed funds. The newly-elected board of directors will meet following the meeting to elect officers to serve until the 1966 annual meeting.

To Fill Vacancy
The terms of 19 directors are scheduled to expire at the annual meeting, but four other directors, one for a one-year term and three for two-year terms, also will be chosen to fill vacancies created by resignation of William F. Hoelscher and Stanley Schenker, will present nominations, which also may be supplemented by additional nominations from the floor.

Reports on the year's operation and last fall's campaign will be presented and the accounting given of the use of contributed funds. The newly-elected board of directors will meet following the meeting to elect officers to serve until the 1966 annual meeting.

Executive Director John D. Szelesberger said that a nominating committee made up of Homer Huber, chairman, Ralph A. Morris, H. Ernest L. Corbin, William F. Hoelscher and Stanley Schenker, will present nominations, which also may be supplemented by additional nominations from the floor.

—TRY A CLASSIFIED AD—

Those whose terms are due to expire this year are Eugene Burnett, Lennie Crockett, Mrs. Cecil Dant, Wilbert Engeler, Harold R. Fischer, Joseph Glick, James Harsh, G. W. Hoelscher, Dr. Kenneth J. Hillmer, Earl Lee, George J. Moran, Tom F. Nesbit, Erwin Niedringhaus, Fred M. Plebanek, George Stidham, Dr. F. H. Theis, C. E. Townsend and Ernest E. Vohl Jr.

Three directors to be named to two-year terms will replace Donald Hayes, Gordon McMillin and Paul Stout, and one director for a one-year term will replace Al W. Buchner.

All of the new 19 directors will be elected to three-year terms.

Temporary IR Office Open Every Monday
An office to assist taxpayers in filling out income tax forms and answer questions about tax problems will be open in the city hall in Granite City on Mondays, Feb. 1, 8 and 15 on a temporary basis established by the internal revenue department.

The telephone service is available. The office will be closed on Feb. 22, Washington's birthday. The temporary office was opened early this month as a supplemental information service by the internal revenue department. It will be open each

Monday from 9 a.m. until 4 p.m. on the three Mondays of February, and on March 8, 12, 22 and 25, and April 5, 12 and 15.

Taxpayers also may call the East St. Louis office of the internal revenue department, or appear personally for assistance on tax forms, Monday through Friday, each week until April 15.

Car Backs into Gas Pump
George Young, 2323 Alexander street, reported at 6:20 a.m. Tuesday that an auto drove into or backed into a gasoline pump at the Sinclair Service station, East 23rd street and Namokel road. The pump was damaged. The driver left the scene.

Mrs. Gavin is Named UF Delegate by GCAARC
Mrs. Evelyn Gavin, president of the Granite City Association For Aid to Retarded Children, was appointed to represent the chapter as its official delegate to the United Fund board of directors. Her appointment was announced Monday night at a monthly business meeting held

at St. John United Church of Christ. Culmaster Eugene Tondre of Cub Pack Two, a group sponsored by the association, discussed future plans for the cub scouts and their parents. Currently, he said, there are 14 boys enrolled in the pack which meets at Lake school.

COLLECTIONS from the Mothers' March to eliminate birth defects, climaxing the March of Dimes campaign in the Quad-Cities and Madison county, are counted by drive leaders and assistants of the First Granite City National bank. Left to right—Mrs. Betty Walls, Madison County Chairman of the Mothers March; Mrs. Van Dee Cruse, Granite City chairman; Miss Barbara Shelton, bank employee; Earl Datsauer, treasurer of the Granite City Mothers' March; and Miss Donna Hill, bank employee. Similar drives were held in Madison and Venice on Sunday and Monday.

Area Girl Scout Leaders Preparing for Cookie Sale

Girl Scout adult leaders from the River Bluffs council, who will supervise the 1965 Girl Scout cookie sale, will meet tomorrow at 10 a.m. for a training workshop and luncheon at the Lewis and Clark restaurant in East Alton.

Among those scheduled to attend are Mrs. John Farrance of Granite City, cookie sale chairman for the Quad-City area, and five neighborhood representatives who will assist her, Mrs. Norma Hillmer, Mrs. Betty Ebrecht, Mrs. Delores Sanders, Mrs. Alice Hunsinger and Mrs. Joyce Sikirski.

The local cookie sale will start with a special kickoff program at the Washington theatre, 9:30

a.m., Saturday, Feb. 20. At the same time, approximately 14,500 Girl Scouts from the River Bluffs council area will begin taking orders for five varieties of cookies at 45 cents per box.

Mrs. Russell Gisham of Alton is serving as general chairman for the 1965 sale, assisted by Mrs. Joseph Pazderka of East St. Louis, who headed the project for the previous two years.
